NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2015
(unaudited)

(1) The condensed statements included herein have been prepared by the registrant, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission, and reflect all adjustments which are, in the opinion of management, necessary to a fair statement of the results of operations for the interim period, on a basis consistent with the annual audited statements. The adjustments made to these condensed statements consist only of normal recurring adjustments. Certain information, accounting policies, and footnote disclosures normally included in financial statements prepared in accordance with United States Generally Accepted Accounting Principles (US GAAP) have been condensed or omitted pursuant to such rules and regulations, although the registrant believes that the disclosures are adequate to make the information presented not misleading. It is suggested that these condensed financial statements be read in conjunction with the financial statements and the summary of significant accounting policies and notes thereto included in the registrant's latest annual report on Form 10-K.

(2) Organization –

AEI Income & Growth Fund XXI Limited Partnership ("Partnership") was formed to acquire and lease commercial properties to operating tenants. The Partnership's operations are managed by AEI Fund Management XXI, Inc. ("AFM"), the Managing General Partner. Robert P. Johnson, the President and sole director of AFM, serves as the Individual General Partner. AFM is a wholly owned subsidiary of AEI Capital Corporation of which Mr. Johnson is the majority shareholder. AEI Fund Management, Inc. ("AEI"), an affiliate of AFM, performs the administrative and operating functions for the Partnership.

The terms of the Partnership offering called for a subscription price of \$1,000 per Limited Partnership Unit, payable on acceptance of the offer. The Partnership commenced operations on April 14, 1995 when minimum subscriptions of 1,500 Limited Partnership Units (\$1,500,000) were accepted. On January 31, 1997, the offering terminated when the maximum subscription limit of 24,000 Limited Partnership Units was reached. Under the terms of the Limited Partnership Agreement, the Limited Partners and General Partners contributed funds of \$24,000,000 and \$1,000, respectively.

During operations, any Net Cash Flow, as defined, which the General Partners determine to distribute will be distributed 90% to the Limited Partners and 10% to the General Partners; provided, however, that such distributions to the General Partners will be subordinated to the Limited Partners first receiving an annual, noncumulative distribution of Net Cash Flow equal to 10% of their Adjusted Capital Contribution, as defined, and, provided further, that in no event will the General Partners receive less than 1% of such Net Cash Flow per annum. Distributions to Limited Partners will be made pro rata by Units.

(2) Organization – (Continued)

Any Net Proceeds of Sale, as defined, from the sale or financing of properties which the General Partners determine to distribute will, after provisions for debts and reserves, be paid in the following manner: (i) first, 99% to the Limited Partners and 1% to the General Partners until the Limited Partners receive an amount equal to: (a) their Adjusted Capital Contribution plus (b) an amount equal to 10% of their Adjusted Capital Contribution per annum, cumulative but not compounded, to the extent not previously distributed from Net Cash Flow; (ii) any remaining balance will be distributed 90% to the Limited Partners and 10% to the General Partners. Distributions to the Limited Partners will be made pro rata by Units.

For tax purposes, profits from operations, other than profits attributable to the sale, exchange, financing, refinancing or other disposition of property, will be allocated first in the same ratio in which, and to the extent, Net Cash Flow is distributed to the Partners for such year. Any additional profits will be allocated in the same ratio as the last dollar of Net Cash Flow is distributed. Net losses from operations will be allocated 99% to the Limited Partners and 1% to the General Partners.

For tax purposes, profits arising from the sale, financing, or other disposition of property will be allocated in accordance with the Partnership Agreement as follows: (i) first, to those partners with deficit balances in their capital accounts in an amount equal to the sum of such deficit balances; (ii) second, 99% to the Limited Partners and 1% to the General Partners until the aggregate balance in the Limited Partners' capital accounts equals the sum of the Limited Partners' Adjusted Capital Contributions plus an amount equal to 10% of their Adjusted Capital Contributions per annum, cumulative but not compounded, to the extent not previously allocated; (iii) third, the balance of any remaining gain will then be allocated 90% to the Limited Partners and 10% to the General Partners. Losses will be allocated 98% to the Limited Partners and 2% to the General Partners.

The General Partners are not required to currently fund a deficit capital balance. Upon liquidation of the Partnership or withdrawal by a General Partner, the General Partners will contribute to the Partnership an amount equal to the lesser of the deficit balances in their capital accounts or 1% of total Limited Partners' and General Partners' capital contributions.

In January 2014, the Managing General Partner mailed a Consent Statement (Proxy) seeking the consent of the Limited Partners to continue the Partnership for an additional 60 months or to initiate the final disposition, liquidation and distribution of all of the Partnership's properties and assets. On February 14, 2014, the proposal to continue the Partnership was approved with a majority of Units voted in favor of the continuation proposal. As a result, the Managing General Partner will continue the operations of the Partnership for an additional 60 months at which time it will again ask the Limited Partners to vote on the same two proposals.

(3) Real Estate Investments –

On May 29, 2014, the Partnership purchased a 50% interest in a Tractor Supply Company store in Canton, Georgia for \$2,212,500. The Partnership allocated \$185,920 of the purchase price to Acquired Intangible Lease Assets, representing in-place lease intangibles and allocated \$80,603 to Acquired Below-Market Lease Intangibles. The Partnership incurred \$27,970 of acquisition expenses related to the purchase that were expensed. The property is leased to Tractor Supply Company under a Lease Agreement with a remaining primary term of 7.3 years (as of the date of purchase) and annual rent of \$164,355 for the interest purchased. The remaining interest in the property was purchased by AEI Accredited Investor Fund V LP, an affiliate of the Partnership.

On July 3, 2014, the Partnership purchased a 30% interest in a Gander Mountain store in Champaign, Illinois for \$2,122,500. The Partnership allocated \$336,209 of the purchase price to Acquired Intangible Lease Assets, representing in-place lease intangibles. The Partnership incurred \$34,052 of acquisition expenses related to the purchase that were expensed. The property is leased to Gander Mountain Company under a Lease Agreement with a remaining primary term of 14.9 years and annual rent of \$167,772 for the interest purchased. The remaining interests in the property were purchased by AEI Accredited Investor Fund V LP and AEI National Income Property Fund VIII LP, affiliates of the Partnership.

(4) Equity Method Investments –

In the fourth quarter of 2013, the Partnership decided to sell its 20% interest in the CarMax Auto Superstore in Lithia Springs, Georgia. At December 31, 2013, the property was classified as Real Estate Held for Sale with a carrying value of \$1,508,930. The remaining interests in the property were owned by three affiliated entities, AEI Income & Growth Fund 24 LLC, AEI Income & Growth Fund 25 LLC and AEI Private Net Lease Millennium Fund Limited Partnership. On March 7, 2014, to facilitate the sale of the property, the Partnership and affiliated entities contributed their respective interests in the property via a limited liability company to CM Lithia Springs DST (“CMLS”), a Delaware statutory trust (“DST”), in exchange for Class B ownership interests in CMLS. In addition, a small amount of cash was contributed for working capital. A DST is a recognized mechanism for selling property to investors who are looking for replacement real estate to complete like-kind exchanges under Section 1031 of the Internal Revenue Code. As investors purchased Class A ownership interests in CMLS, the proceeds received were used to redeem, on a one-for-one basis, the Class B ownership interests of the Partnership and affiliated entities. From March 13, 2014 to July 25, 2014, CMLS sold 100% of its Class A ownership interests to investors and redeemed 100% of the Class B ownership interests from the Partnership and affiliated entities. As of December 31, 2014, the Partnership had no ongoing interest in CMLS.

(4) Equity Method Investments – (Continued)

On August 29, 2014, to facilitate the sale of its 63% interest in the Tractor Supply Company store in Rapid City, South Dakota, the Partnership contributed the property via a limited liability company to AEI Net Lease Portfolio DST (“ANLP”) in exchange for 16.95% of the Class B ownership interests in ANLP. The remaining interest in the property, owned by an affiliated entity, along with two other properties owned by two other affiliated entities, were also contributed to ANLP in exchange for 83.05% of the Class B ownership interests in ANLP. In addition, cash was contributed for working capital. From September 5, 2014 to October 30, 2014, ANLP sold 100% of its Class A ownership interests to investors and redeemed 100% of the Class B ownership interests from the Partnership and affiliated entities. As of December 31, 2014, the Partnership had no ongoing interest in ANLP.

The investments in CMLS and ANLP were recorded using the equity method of accounting in the accompanying financial statements. Under the equity method, the investments were stated at cost and adjusted for the Partnership’s share of net income or losses and reduced by proceeds received from the sale of the Class B ownership interests of the DSTs as well as distributions from net rental income. During 2014, the investment balances consisted of the following:

Activity Through September 30, 2014:	CMLS	ANLP	Total

(6) Discontinued Operations –

In the fourth quarter of 2013, the Partnership decided to sell its 20% interest in the CarMax Auto Superstore in Lithia Springs, Georgia. At December 31, 2013, the property was classified as Real Estate Held for Sale with a carrying value of \$1,508,930. On March 7, 2014, to facilitate the sale of the property, the Partnership contributed its interest in the property via a limited liability company to CM Lithia Springs DST as described in Note 4.

The financial results for this property are reflected as Discontinued Operations in the accompanying financial statements. The following are the results of discontinued operations:

(7) Partners' Capital –

For the nine months ended September 30, 2015 and 2014, the Partnership declared distributions of \$822,818 and \$875,765, respectively. The Limited Partners received distributions of \$814,590 and \$867,008 and the General Partners received distributions of \$8,228 and \$8,757 for the periods, respectively. The Limited Partners' distributions represented \$38.64 and \$38.27 per Limited Partnership Unit outstanding using 21,083 and 22,653 weighted average Units in 2015 and 2014, respectively. The distributions represented \$16.54 and \$38.27 per Unit of Net Income and \$22.10 and \$0 per Unit of return of contributed capital for the periods, respectively.

(7) Partners' Capital – (Continued)

As part of the distributions discussed above, the Partnership distributed net sale proceeds of \$139,022 and \$200,478 in 2015 and 2014, respectively. The Limited Partners received distributions of \$137,632 and \$198,473 and the General Partners received distributions of \$1,390 and \$2,005 for the periods, respectively. The Limited Partners' distributions represented \$6.51 and \$8.76 per Unit for the periods, respectively.

On April 1, 2015, the Partnership repurchased a total of 1,118.25 Units for \$902,509 from 27 Limited Partners in accordance with the Partnership Agreement. The Partnership acquired these Units using net sale proceeds. During the first nine months of 2014, the Partnership did not repurchase any Units from the Limited Partners. The repurchases increase the remaining Limited Partners' ownership interest in the Partnership. As a result of these repurchases and pursuant to the Partnership Agreement, the General Partners received distributions of \$9,117 in 2015.

(8) Fair Value Measurements –

As of September 30, 2015 and December 31, 2014, the Partnership had no assets or liabilities measured at fair value on a recurring basis or nonrecurring basis.

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL
CONDITION AND RESULTS OF OPERATIONS.**

This section contains "forward-looking statements" which represent management's expectations or beliefs concerning future events, including statements regarding anticipated application of cash, expected returns from rental income, growth in revenue, the sufficiency of cash to meet operating expenses, rates of distribution, and other matters. These, and other forward-looking statements, should be evaluated in the context of a number of factors that may affect the Partnership's financial condition and results of operations, including the following:

- Market and economic conditions which affect the value of the properties the Partnership owns and the cash from rental income such properties generate;
- the federal income tax consequences of rental income, deductions, gain on sales and other items and the effects of these consequences for the Partners;
- resolution by the General Partners of conflicts with which they may be confronted;
- the success of the General Partners of locating properties with favorable risk return characteristics;
- the effect of tenant defaults; and
- the condition of the industries in which the tenants of properties owned by the Partnership operate.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS. (Continued)

Application of Critical Accounting Policies

The Partnership's financial statements have been prepared in accordance with US GAAP. Preparing the financial statements requires management to use judgment in the application of these accounting policies, including making estimates and assumptions. These judgments will affect the reported amounts of the Partnership's assets and liabilities and the disclosure of contingent assets and liabilities as of the dates of the financial statements and will affect the reported amounts of revenue and expenses during the reporting periods. It is possible that the carrying amount of the Partnership's assets and liabilities, or the results of reported operations, will be affected if management's estimates or assumptions prove inaccurate.

Management of the Partnership evaluates the following accounting estimates on an ongoing basis, and has discussed the development and selection of these estimates and the management discussion and analysis disclosures regarding them with managing partner of the Partnership.

Allocation of Purchase Price of Acquired Properties

Upon acquisition of real properties, the Partnership records them in the financial statements at cost. The purchase price is allocated to tangible assets, consisting of land and building, and to identified intangible assets and liabilities, which may include the value of above market and below market leases and the value of in-place leases. The allocation of the purchase price is based upon the fair value of each component of the property. Although independent appraisals may be used to assist in the determination of fair value, in many cases these values will be based upon management's assessment of each property, the selling prices of comparable properties and the discounted value of cash flows from the asset.

The fair values of above market and below market in-place leases will be recorded based on the present value (using an interest rate which reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) an estimate of fair market lease rates for the corresponding in-place leases measured over a period equal to the non-cancelable term of the lease including any bargain renewal periods. The above market and below market lease values will be capitalized as intangible lease assets or liabilities. Above market lease values will be amortized as an adjustment of rental income over the remaining terms of the respective leases. Below market leases will be amortized as an adjustment of rental income over the remaining term of the respective leases, including any bargain renewal periods. If a lease were to be terminated prior to its stated expiration, all unamortized amounts of above market and below market in-place lease values relating to that lease would be recorded as an adjustment to rental income.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS. (Continued)

The fair values of in-place leases will include estimated direct costs associated with obtaining a new tenant, and opportunity costs associated with lost rentals which are avoided by acquiring an in-place lease. Direct costs associated with obtaining a new tenant may include commissions, tenant improvements, and other direct costs and are estimated, in part, by management's consideration of current market costs to execute a similar lease. These direct costs will be included in intangible lease assets on the balance sheet and will be amortized to expense over the remaining term of the respective leases. The value of opportunity costs will be calculated using the contractual amounts to be paid pursuant to the in-place leases over a market absorption period for a similar lease. These intangibles will be included in intangible lease assets on the balance sheet and will be amortized to expense over the remaining term of the respective leases. If a lease were to be terminated prior to its stated expiration, all unamortized amounts of in-place lease assets relating to that lease would be expensed.

The determination of the fair values of the assets and liabilities acquired will require the use of significant assumptions with regard to the current market rental rates, rental growth rates, discount and capitalization rates, interest rates and other variables. If management's estimates or assumptions prove inaccurate, the result would be an inaccurate allocation of purchase price, which could impact the amount of reported net income.

Carrying Value of Properties

Properties are carried at original cost, less accumulated depreciation and amortization. The Partnership tests long-lived assets for recoverability when events or changes in circumstances indicate that the carrying value may not be recoverable. For properties the Partnership will hold and operate, management determines whether impairment has occurred by comparing the property's probability-weighted future undiscounted cash flows to its current carrying value. For properties held for sale, management determines whether impairment has occurred by comparing the property's estimated fair value less cost to sell to its current carrying value. If the carrying value is greater than the net realizable value, an impairment loss is recorded to reduce the carrying value of the property to its net realizable value. Changes in these assumptions or analysis may cause material changes in the carrying value of the properties.

Allocation of Expenses

AEI Fund Management, Inc. allocates expenses to each of the funds they manage primarily on the basis of the number of hours devoted by their employees to each fund's affairs. They also allocate expenses at the end of each month that are not directly related to a fund's operations based upon the number of investors in the fund and the fund's capitalization relative to other funds they manage. The Partnership reimburses these expenses subject to detailed limitations contained in the Partnership Agreement.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS. (Continued)

Results of Operations

For the nine months ended September 30, 2015 and 2014, the Partnership recognized rental income from continuing operations of \$884,694 and \$813,070, respectively. In 2015, rental income increased due to additional rent received from two property acquisitions in 2014 and a rent increase on one property. These increases in rental income were partially offset by a decrease in rent due to the sale of the Tractor Supply Company store in Rapid City, South Dakota. Based on the scheduled rent for the properties as of October 31, 2015, the Partnership expects to recognize rental income from continuing operations of approximately \$1,180,000 and \$1,188,000 in 2015 and 2016, respectively.

For the nine months ended September 30, 2015 and 2014, the Partnership incurred Partnership administration expenses from affiliated parties of \$165,505 and \$165,388, respectively. These administration expenses include costs associated with the management of the properties, processing distributions, reporting requirements and communication with the Limited Partners. During the same periods, the Partnership incurred Partnership administration and property management expenses from unrelated parties of \$35,486 and \$43,877, respectively. These expenses represent direct payments to third parties for legal and filing fees, direct administrative costs, outside audit costs, taxes, insurance and other property costs.

For the nine months ended September 30, 2014, the Partnership incurred property acquisition expenses of \$25,958 related to the purchase of the Tractor Supply Company store in Canton, Georgia and \$30,515 related to the Gander Mountain store in Champaign, Illinois.

On August 29, 2014, to facilitate the sale of its 63% interest in the Tractor Supply Company store in Rapid City, South Dakota, the Partnership contributed the property via a limited liability company to AEI Net Lease Portfolio DST ("ANLP"), a Delaware statutory trust ("DST"), in exchange for 16.95% of the Class B ownership interests in ANLP. The remaining interest in the property, owned by an affiliated entity, along with two other properties owned by two other affiliated entities, were also contributed to ANLP in exchange for 83.05% of the Class B ownership interests in ANLP. In addition, cash was contributed for working capital. A DST is a recognized mechanism for selling property to investors who are looking for replacement real estate to complete like-kind exchanges under Section 1031 of the Internal Revenue Code. As investors purchase Class A ownership interests in ANLP, the proceeds received will be used to redeem, on a one-for-one basis, the Class B ownership interests of the Partnership and affiliated entities. From August 29, 2014 to October 30, 2014, ANLP sold 100% of its Class A ownership interests to investors and redeemed 100% of the Class B ownership interests from the Partnership and affiliated entities. As of December 31, 2014, the Partnership had no ongoing interest in ANLP.

The investment in ANLP was recorded using the equity method of accounting in the accompanying financial statements. Under the equity method, the investment was stated at cost and adjusted for the Partnership's share of net income or losses and reduced by proceeds received from the sale of the Class B ownership interests of the DST as well as distributions from net rental income. For the nine months ended September 30, 2014, the Partnership's share of net income of ANLP was \$258,367.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS. (Continued)

For the nine months ended September 30, 2015 and 2014, the Partnership recognized interest income of \$8,337 and \$9,449, respectively.

Prior to January 1, 2014, upon complete disposal of a property or classification of a property as Real Estate Held for Sale, the Partnership included the operating results and sale of the property in discontinued operations. In addition, the Partnership reclassified the prior periods' operating results of the property to discontinued operations. For the nine months ended September 30, 2014, the Partnership recognized income from discontinued operations of \$635,587, representing rental income less property management expenses of \$23,595 and income from an equity method investment held for sale of \$611,992.

In the fourth quarter of 2013, the Partnership decided to sell its 20% interest in the CarMax Auto Superstore in Lithia Springs, Georgia. At December 31, 2013, the property was classified as Real Estate Held for Sale with a carrying value of \$1,508,930. The remaining interests in the property were owned by three affiliated entities, AEI Income & Growth Fund 24 LLC, AEI Income & Growth Fund 25 LLC and AEI Private Net Lease Millennium Fund Limited Partnership. On March 7, 2014, to facilitate the sale of the property, the Partnership and affiliated entities contributed their respective interests in the property via a limited liability company to CM Lithia Springs DST ("CMLS") in exchange for Class B ownership interests in CMLS. In addition, a small amount of cash was contributed for working capital. From March 13, 2014 to July 25, 2014, CMLS sold 100% of its Class A ownership interests to investors and redeemed 100% of the Class B ownership interests from the Partnership and affiliated entities. As of December 31, 2014, the Partnership had no ongoing interest in CMLS. The investment in CMLS was recorded using the equity method of accounting in the accompanying financial statements. For the nine months ended September 30, 2014, the Partnership's share of net income of CMLS was \$611,992.

Management believes inflation has not significantly affected income from operations. Leases may contain rent increases, based on the increase in the Consumer Price Index over a specified period, which will result in an increase in rental income over the term of the leases. Inflation also may cause the real estate to appreciate in value. However, inflation and changing prices may have an adverse impact on the operating margins of the properties' tenants, which could impair their ability to pay rent and subsequently reduce the Net Cash Flow available for distributions.

Liquidity and Capital Resources

During the nine months ended September 30, 2015, the Partnership's cash balances decreased \$1,059,814 as a result of distributions paid to the Partners and cash used to repurchase Units in excess of cash generated from operating activities. During the nine months ended September 30, 2014, the Partnership's cash balances decreased \$1,512,942 as a result of cash used to purchase property, distributions paid to the Partners in excess of cash generated from operating activities, and cash paid for equity method investments, which were partially offset by proceeds received from equity method investments.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS. (Continued)

Net cash provided by operating activities increased from \$632,211 in 2014 to \$696,049 in 2015 as a result of an increase in total rental and interest income in 2015 and a decrease in Partnership administration and property management expenses in 2015, which were partially offset by net timing differences in the collection of payments from the tenants and the payment of expenses. During 2014, cash from operations was reduced by \$56,473 of acquisition expenses related to the purchase of real estate. Pursuant to accounting guidance, these expenses were reflected as operating cash outflows. However, pursuant to the Partnership Agreement, acquisition expenses were funded with proceeds from property sales.

The major components of the Partnership's cash flow from investing activities are investments in real estate and proceeds from the sale of real estate, including proceeds from equity method investments. During the nine months ended September 30, 2014, the Partnership expended \$4,335,000 to invest in real properties as the Partnership reinvested cash generated from property sales. During the same period, the Partnership paid cash for equity method investments of \$37,488. During the same period, the Partnership received proceeds from an equity method investment of \$3,103,100. All but a small portion of these proceeds were generated from the sales of the CarMax Auto Superstore and the Tractor Supply Company store as discussed above.

On May 29, 2014, the Partnership purchased a 50% interest in a Tractor Supply Company store in Canton, Georgia for \$2,212,500. The property is leased to Tractor Supply Company under a Lease Agreement with a remaining primary term of 7.3 years (as of the date of purchase) and annual rent of \$164,355 for the interest purchased. The remaining interest in the property was purchased by AEI Accredited Investor Fund V LP, an affiliate of the Partnership.

On July 3, 2014, the Partnership purchased a 30% interest in a Gander Mountain store in Champaign, Illinois for \$2,122,500. The property is leased to Gander Mountain Company under a Lease Agreement with a remaining primary term of 14.9 years and annual rent of \$167,772 for the interest purchased. The remaining interests in the property were purchased by AEI Accredited Investor Fund V LP and AEI National Income Property Fund VIII LP, affiliates of the Partnership.

The Partnership's primary use of cash flow, other than investment in real estate, is distribution payments to Partners and cash used to repurchase Units. The Partnership declares its regular quarterly distributions before the end of each quarter and pays the distribution in the first week after the end of each quarter. The Partnership attempts to maintain a stable distribution rate from quarter to quarter. The Partnership may repurchase tendered Units on April 1st and October 1st of each year subject to limitations.

For the nine months ended September 30, 2015 and 2014, the Partnership declared distributions of \$822,818 and \$875,765, respectively, which were distributed 99% to the Limited Partners and 1% to the General Partners. The Limited Partners received distributions of \$814,590 and \$867,008 and the General Partners received distributions of \$8,228 and \$8,757 for the periods, respectively.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS. (Continued)

As part of the distributions discussed above, the Partnership distributed net sale proceeds of \$139,022 and \$200,478 in 2015 and 2014, respectively. The Limited Partners received distributions of \$137,632 and \$198,473 and the General Partners received distributions of \$1,390 and \$2,005 for the periods, respectively. The Limited Partners' distributions represented \$6.51 and \$8.76 per Unit for the periods, respectively. The Partnership anticipates the remaining net sale proceeds will either be reinvested in additional property or distributed to the Partners in the future.

The Partnership may repurchase Units from Limited Partners who have tendered their Units to the Partnership. Such Units may be acquired at a discount. The Partnership will not be obligated to purchase in any year more than 5% of the total number of Units outstanding on January 1 of such year. In no event shall the Partnership be obligated to purchase Units if, in the sole discretion of the Managing General Partner, such purchase would impair the capital or operation of the Partnership.

On April 1, 2015, the Partnership repurchased a total of 1,118.25 Units for \$902,509 from 27 Limited Partners in accordance with the Partnership Agreement. The Partnership acquired these Units using net sale proceeds. During the first nine months of 2014, the Partnership did not repurchase any Units from the Limited Partners. The repurchases increase the remaining Limited Partners' ownership interest in the Partnership. As a result of these repurchases and pursuant to the Partnership Agreement, the General Partners received distributions of \$9,117 in 2015.

The continuing rent payments from the properties, together with cash generated from property sales, should be adequate to fund continuing distributions and meet other Partnership obligations on both a short-term and long-term basis.

Off-Balance Sheet Arrangements

As of September 30, 2015 and December 31, 2014, the Partnership had no material off-balance sheet arrangements that had or are reasonably likely to have current or future effects on its financial condition, results of operations, liquidity or capital resources.

ITEM 3. QUANTITATIVE & QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

Not required for a smaller reporting company.

ITEM 4. CONTROLS AND PROCEDURES.

(a) Disclosure Controls and Procedures.

Under the supervision and with the participation of management, including its President and Chief Financial Officer, the Managing General Partner of the Partnership evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934 (the "Exchange Act")). Based upon that evaluation, the President and Chief Financial Officer of the Managing General Partner concluded that, as of the end of the period covered by this report, our disclosure controls and procedures were effective in ensuring that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in applicable rules and forms and that such information is accumulated and communicated to management, including the President and Chief Financial Officer of the Managing General Partner, in a manner that allows timely decisions regarding required disclosure.

(b) Changes in Internal Control Over Financial Reporting.

During the most recent period covered by this report, there has been no change in our internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

There are no material pending legal proceedings to which the Partnership is a party or of which the Partnership's property is subject.

ITEM 1A. RISK FACTORS.

Not required for a smaller reporting company.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES & USE OF PROCEEDS.

(a) None.

(b) Not applicable.

(c) Pursuant to Section 7.7 of the Partnership Agreement, as amended, each Limited Partner has the right to present Units to the Partnership for purchase by submitting notice to the Managing General Partner during January or July of each year. The purchase price of the Units is equal to 95% of the net asset value per Unit, as of the first business day of January or July of each year, as determined by the Managing General Partner in accordance with the provisions of the Partnership Agreement. Units tendered to the Partnership during January and July may be repurchased on April 1st and October 1st, respectively, of each year subject to the following limitations. The Partnership will not be obligated to purchase in any year more than 5% of the total number of Units outstanding on January 1 of such year. In no event shall the Partnership be obligated to purchase Units if, in the sole discretion of the Managing General Partner, such purchase would impair the capital or operation of the Partnership. During the period covered by this report, the Partnership did not purchase any Units.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES.

None.

ITEM 4. MINE SAFETY DISCLOSURES.

Not Applicable.

ITEM 5. OTHER INFORMATION.

None.

ITEM 6. EXHIBITS.

- 31.1 Certification of Chief Executive Officer of General Partner pursuant to Rule 15d-14(a)(17 CFR 240.15d-14(a)) and Section 302 of the Sarbanes-Oxley Act of 2002.
- 31.2 Certification of Chief Financial Officer of General Partner pursuant to Rule 15d-14(a)(17 CFR 240.15d-14(a)) and Section 302 of the Sarbanes-Oxley Act of 2002.
