## PART I

### ITEM 1. BUSINESS.

AEI Income & Growth Fund 26 LLC (the "Company" or the "Registrant") is a limited liability company which was organized pursuant to the laws of the State of Delaware on March 14, 2005. The registrant is comprised of AEI Fund Management XXI, Inc. ("AFM"), as the Managing Member, Robert P. Johnson, the President and sole director of AFM, as the Special Managing Member, and purchasers of LLC Units as Limited Members. The Company offered for sale up to \$100,000,000 of limited membership interests (the "Units") (10,000,000 Units at \$10 per Unit) pursuant to a registration statement effective October 20, 2005. The Company commenced operations on April 3, 2006 when minimum subscriptions of 150,000 LLC Units (\$1,500,000) were accepted. The offering terminated October 19, 2007 when the extended offering period expired. The Company received subscriptions for 1,832,736 LLC Units. Under the terms of the Operating Agreement, the Limited Members and Managing Members contributed funds of \$18,327,360 and \$1,000, respectively.

The Company was organized to acquire existing and newly constructed commercial properties, to lease such properties to tenants under net leases, to hold such properties and to eventually sell such properties. From subscription proceeds, the Company purchased eight properties, including partial interests in five properties, at a total cost of \$15,376,536. The balance of the subscription proceeds was applied to organization and syndication costs, working capital reserves and distributions, which represented a return of capital. The properties are commercial, single tenant buildings leased under net leases.

The Company's properties were purchased without any indebtedness. The Company will not finance properties in the future to obtain proceeds for new property acquisitions. If it is required to do so, the Company may incur short-term indebtedness to finance day-to-day cash flow requirements (including cash flow necessary to repurchase Units). The Company may borrow to finance the refurbishing of a property.

The Company will hold its properties until the Managing Members determine that the sale or other disposition of the properties is advantageous in view of the Company's investment objectives. In deciding whether to sell properties, the Managing Members will consider factors such as potential appreciation, net cash flow and income tax considerations. The Company expects to sell some or all of its properties prior to its final liquidation and to reinvest the proceeds from such sales in additional properties. The Company reserves the right, at the discretion of the Managing Members, to either distribute proceeds from the sale of properties to the Members or to reinvest such proceeds in additional properties, provided that sufficient proceeds are distributed to the Limited Members to pay federal and state income taxes related to any taxable gain recognized as a result of the sale. The prospectus under which Units were initially sold indicated that the Managing Members intended to liquidate the Company through the sale of its remaining properties ten to twelve years after completion of the acquisition phase (completed in May 2008), depending upon the then current real estate and money markets, the economic climate and the income tax consequences to the Members.

**ITEM 1. BUSINESS. (Continued)****Leases**

Although there are variations in the specific terms of the leases, the following is a summary of the general terms of the Company's leases. The properties are leased to tenants under net leases, classified as operating leases. Under a net lease, the tenant is responsible for real estate taxes, insurance, maintenance, repairs and operating expenses for the property. For some leases, the Company is responsible for repairs to the structural components of the building, the roof and the parking lot. At the time the properties were acquired, the remaining primary lease terms varied from 10 to 20 years. The leases provide the tenants with three to four five-year renewal options subject to the same terms and conditions as the primary term. The leases provide for base annual rental payments, payable in monthly installments, and contain rent clauses which entitle the Company to receive additional rent in future years based on stated rent increases.

**Property Activity During the Last Three Years**

As of December 31, 2014, the Company owned interests in eight properties with a total cost of \$13,591,414. During the year ended December 31, 2015, the Company sold one property and received net sale proceeds of \$1,871,493, which resulted in net gains of \$486,053. During 2015 and 2016, the Company expended \$1,600,000 and \$1,535,714, respectively, to purchase two additional properties as it reinvested cash generated from property sales. As of December 31, 2017, the Company owned interests in nine properties with a total cost of \$14,855,093.

**Major Tenants**

During 2017, five tenants each contributed more than ten percent of the Company's total rental income. The major tenants in aggregate contributed 76% of total rental income in 2017. It is anticipated that, based on minimum rental payments required under the leases, each major tenant will continue to contribute more than ten percent of rental income in 2018. Any failure of these major tenants could materially affect the Company's net income and cash distributions.

**Competition**

The Company is a minor factor in the commercial real estate business. There are numerous entities engaged in the commercial real estate business which have greater financial resources than the Company. At the time the Company elects to dispose of its properties, it will be in competition with other persons and entities to find buyers for its properties.

**Employees**

The Company has no direct employees. Management services are performed for the Company by AEI Fund Management, Inc., an affiliate of AFM.

**ITEM 1A. RISK FACTORS.**

Not required for a smaller reporting company.

**ITEM 1B. UNRESOLVED STAFF COMMENTS.**

Not required for a smaller reporting company.

**ITEM 2. PROPERTIES.****Investment Objectives**

The Company's investment objectives are to acquire existing or newly-developed commercial properties that provide (i) regular rental income; (ii) growth in lease income through rent escalation provisions; (iii) capital growth through appreciation in the value of properties; (iv) reduced occupancy risks as a result of long-term leases with creditworthy corporate tenants; and (v) passive income that may be offset by eligible passive losses from other investments for tax purposes. The Company does not have a policy, and there is no limitation, as to the amount or percentage of assets that may be invested in any one property. However, to the extent possible, the Managing Members attempt to diversify the properties by tenant and geographic location.

**Description of Properties**

The Company's properties are commercial, single tenant buildings. The properties were acquired on a debt-free basis and are leased to tenants under net leases, classified as operating leases. The Company holds an undivided fee simple interest in the properties.

The Company's properties are subject to the general competitive conditions incident to the ownership of single tenant investment real estate. Since each property is leased under a long-term lease, there is little competition until the Company decides to sell the property. At this time, the Company will be competing with other real estate owners, on both a national and local level, in attempting to find buyers for the properties. In the event of a tenant default, the Company would be competing with other real estate owners, who have property vacancies, to attract a new tenant to lease the property. The Company's tenants operate in industries that are competitive and can be affected by factors such as changes in regional or local economies, seasonality and changes in consumer preference.

The following table is a summary of the properties that the Company acquired and owned as of December 31, 2017.

(1) The lease for this tenant covers 28% of the square footage of the building with rent commencing on June 18, 2018.

(2) Does not include acquisition costs that were expensed.

The properties listed above with a partial ownership percentage are owned with the following affiliated entities: property in Wichita, Kansas (AEI Income & Growth Fund 25 LLC); Advance Auto Parts store (AEI Income & Growth Fund 24 LLC); Applebee's restaurant in Crawfordsville, Indiana (AEI Income & Growth Fund XXII Limited Partnership); Best Buy store (AEI Income & Growth Fund XXI Limited Partnership and AEI Income & Growth Fund 23 LLC); Dick's Sporting Goods store (AEI Income & Growth Fund 23 LLC, AEI Income & Growth Fund 24 LLC and AEI Income & Growth Fund 25 LLC); and Fresenius Medical Center (AEI Income & Growth Fund 27 LLC).

The Company accounts for properties owned as tenants-in-common with affiliated entities and/or unrelated third parties using the proportionate consolidation method. Each tenant-in-common owns a separate, undivided interest in the properties. Any tenant-in-common that holds more than a 50% interest does not control decisions over the other tenant-in-common interests. The financial statements reflect only this Company's percentage share of the properties' land, building, liabilities, revenues and expenses.

At the time the properties were acquired, the remaining primary lease terms varied from 10 to 20 years. The lease for the Best Buy store was extended to expire on January 19, 2023. The leases provide the tenants with three to four five-year renewal options subject to the same terms and conditions as the primary term.

**ITEM 2. PROPERTIES. (Continued)**

Pursuant to the lease agreements, the tenants are required to provide proof of adequate insurance coverage on the properties they occupy. The Managing Members believe the properties are adequately covered by insurance and consider the properties to be well-maintained and sufficient for the Company's operations.

For tax purposes, the Company's properties are depreciated under the Modified Accelerated Cost Recovery System (MACRS). The largest depreciable component of a property is the building which is depreciated using the straight-line method over 39 years. The remaining depreciable component of a property is land improvements which are depreciated using an accelerated method over 15 years. Since the Company has tax-exempt Members, the Company is subject to the rules of Section 168(h)(6) of the Internal Revenue Code which requires a percentage of the properties' depreciable components to be depreciated over longer lives using the straight-line method. In general, the federal tax basis of the properties for tax depreciation purposes equals the book depreciable cost of the properties plus the amortizable cost of the related intangible lease assets, except for properties whose carrying value was reduced by a real estate impairment and properties purchased after January 1, 2009. Real estate impairments, which are recorded against the book cost of the land and depreciable property, are not recognized for tax purposes. For properties purchased after January 1, 2009, acquisition expenses that were expensed for book purposes were capitalized and added to the basis of the property for tax depreciation purposes.

At December 31, 2017, all properties listed above were 100% occupied. The only exception is the property in Wichita, Kansas that became vacant in July 2016. In September 2017, a tenant entered into a lease for 28% of the building square footage.

**ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCK-HOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES.**

(a) As of December 31, 2017, there were 451 holders of record of the registrant's LLC Units. There is no other class of security outstanding or authorized. The registrant's Units are not a traded security in any market. During the period covered by this report, the Company did not sell any equity securities that are not registered under the Securities Act of 1933.

Cash distributions of \$19,996 and \$21,872 were made to the Managing Members and \$660,002 and \$787,998 were made to the Limited Members for 2017 and 2016, respectively. The distributions were made on a quarterly basis and represented Net Cash Flow, as defined, except as discussed below. These distributions should not be compared with dividends paid on capital stock by corporations.

**ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCK-HOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES.**

As part of the Limited Members' distributions discussed above, the Company distributed net sale proceeds of \$20,000 and \$120,000 in 2017 and 2016, respectively.

(b) Not Applicable.

(c) Pursuant to Section 7.7 of the Operating Agreement, each Limited Member has the right to present Units to the Company for purchase by submitting notice to the Managing Member during January or July of each year. The purchase price of the Units is equal to 85% of the net asset value per Unit, as of the first business day of January or July of each year, as determined by the Managing Member in accordance with the provisions of the Operating Agreement. The purchase price is equal to 100% of the net asset value per Unit in the case of Units of a deceased investor, who purchased the Units in the initial offering and who is a natural person, including Units held by an investor that is an IRA or other qualified plan for which the deceased person was the primary beneficiary, or Units held by an investor that is a grantor trust for which the deceased person was the grantor.

Units tendered to the Company during January and July may be repurchased on April 1st and October 1st, respectively, of each year subject to the following limitations. The Company will not be obligated to purchase in any year more than 2% of the total number of Units outstanding on January 1 of such year. In no event shall the Company be obligated to purchase Units if, in the sole discretion of the Managing Member, such purchase would impair the capital or operation of the Company. During the last three months of 2017, the Company did not purchase any Units.

**Other Information**

Effective April 11, 2016, the Financial Industry Regulatory Authority ("FINRA") implemented Rule 2310, a revised rule that requires securities broker-dealers to report on customer account statements the value of investment units of non-traded securities, such as REITs, LLCs and Limited Partnerships, provided that the per unit value is derived using methodology set forth by the rule.

At December 31, 2017, the estimated value of the Company's Units was \$7.05 per Unit. The Managing Member is the party responsible for the estimated value per Unit. The estimated value was derived using methodology that conforms to standard industry practice and based upon material assistance and/or confirmation by third-party valuation expert(s), in accordance with the appraised value method set forth in FINRA Rule 2340(c)(1)(B). Third-party valuation services were provided by:

Justin Zahn – Commercial Investment Advisors, Scottsdale, AZ  
Brad Gibbs – SRS Real Estate Partners, Dallas, TX  
Ken Hedrick – Newmark Knight Frank, Tulsa, OK  
John Hottle – Hottle Appraisal Company, St. Louis, MO

**ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCK-HOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES.**

The expertise provided by these parties included brokerage, valuation, and appraisal services of commercial, net leased properties. We provided each third-party valuation expert with a unique set of assets from the registrant's portfolio. In response, the third-party valuation experts provided cap rate analysis, and the logic behind such analysis, for each of the assets. Thereafter, we reviewed the analysis with the third-party valuation experts to fully understand the information presented. We then used this information, as well as our own independent analysis, to establish and/or confirm asset values.

The per Unit value was the aggregate estimated value of the Company's assets less the Company's liabilities, and less the value attributable to the interest of the Managing Members, divided by the number of Units outstanding. The Company's cash, receivables and liabilities were valued at face value. Each of the Company's properties were valued by dividing their annual rental income as of December 1, 2017 by a capitalization rate the Managing Member believed, based upon material assistance and/or confirmation by the aforementioned third-party valuation experts, to be representative of the retail market for the sale of each property. The resulting value for each property was reviewed to determine that it also reflected circumstances that may have been unique to each specific property. The valuations were estimates only, and were based on a number of assumptions which may not be accurate or complete. In addition, property values are subject to change and could decline after the date of the valuations. Accordingly, this estimated value should not be viewed as the amount at which a Limited Member may be able to sell his units, or the fair market value of the Company properties, nor does it represent the amount of net proceeds Limited Members would receive if the Company properties were sold and the proceeds distributed in a liquidation of the Company.

The following table provides a breakdown of each major asset type, liabilities and the number of Units that were used to calculate the estimated value per Unit as of December 31, 2017 and 2016:

	December 31, 2017	December 31, 2016
Properties	\$ 12,039,000	\$ 12,336,000
Cash	582,000	657,000
Current Liabilities	(242,000)	(259,000)
Value attributable to the interest of the Managing Members	(124,000)	(127,000)
Value attributable to the interest of the Limited Members	<u>\$ 12,255,000</u>	<u>\$ 12,607,000</u>
LLC Units outstanding	<u>1,738,006</u>	<u>1,744,006</u>

**ITEM 6. SELECTED FINANCIAL DATA.**

Not required for a smaller reporting company.

**ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL  
CONDITION AND RESULTS OF OPERATIONS.**

This section contains "forward-looking statements" which represent management's expectations or beliefs concerning future events, including statements regarding anticipated application of cash, expected returns from rental income, growth in revenue, the sufficiency of cash to meet operating expenses, rates of distribution, and other matters. These, and other forward-looking statements, should be evaluated in the context of a number of factors that may affect the Company's financial condition and results of operations, including the following:

- Market and economic conditions which affect the value of the properties the Company owns and the cash from rental income such properties generate;
- the federal income tax consequences of rental income, deductions, gain on sales and other items and the effects of these consequences for Members;
- resolution by the Managing Members of conflicts with which they may be confronted;
- the success of the Managing Members of locating properties with favorable risk return characteristics;
- the effect of tenant defaults; and
- the condition of the industries in which the tenants of properties owned by the Company operate.

**Application of Critical Accounting Policies**

The Company's financial statements have been prepared in accordance with US GAAP. Preparing the financial statements requires management to use judgment in the application of these accounting policies, including making estimates and assumptions. These judgments will affect the reported amounts of the Company's assets and liabilities and the disclosure of contingent assets and liabilities as of the dates of the financial statements and will affect the reported amounts of revenue and expenses during the reporting periods. It is possible that the carrying amount of the Company's assets and liabilities, or the results of reported operations, will be affected if management's estimates or assumptions prove inaccurate.

Management of the Company evaluates the following accounting estimates on an ongoing basis, and has discussed the development and selection of these estimates and the management discussion and analysis disclosures regarding them with the managing member of the Company.

***Allocation of Purchase Price of Acquired Properties***

Upon acquisition of real properties, the Company records them in the financial statements at cost. The purchase price is allocated to tangible assets, consisting of land and building, and to identified intangible assets and liabilities, which may include the value of above market and below market leases and the value of in-place leases. The allocation of the purchase price is based upon the fair value of each component of the property. Although independent appraisals may be used to assist in the determination of fair value, in many cases these values will be based upon management's assessment of each property, the selling prices of comparable properties and the discounted value of cash flows from the asset.

**ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS. (Continued)**

The fair values of above market and below market in-place leases will be recorded based on the present value (using an interest rate which reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) an estimate of fair market lease rates for the corresponding in-place leases measured over a period equal to the non-cancelable term of the lease including any bargain renewal periods. The above market and below market lease values will be capitalized as intangible lease assets or liabilities. Above market lease values will be amortized as an adjustment of rental income over the remaining term of the respective leases. Below market lease values will be amortized as an adjustment of rental income over the remaining term of the respective leases, including any bargain renewal periods. If a lease were to be terminated prior to its stated expiration, all unamortized amounts of above market and below market in-place lease values relating to that lease would be recorded as an adjustment to rental income.

The fair values of in-place leases will include estimated direct costs associated with obtaining a new tenant, and opportunity costs associated with lost rentals which are avoided by acquiring an in-place lease. Direct costs associated with obtaining a new tenant may include commissions, tenant improvements, and other direct costs and are estimated, in part, by management's consideration of current market costs to execute a similar lease. These direct costs will be included in intangible lease assets on the balance sheet and will be amortized to expense over the remaining term of the respective leases. The value of opportunity costs will be calculated using the contractual amounts to be paid pursuant to the in-place leases over a market absorption period for a similar lease. These intangibles will be included in intangible lease assets on the balance sheet and will be amortized to expense over the remaining term of the respective leases. If a lease were to be terminated prior to its stated expiration, all unamortized amounts of in-place lease assets relating to that lease would be expensed.

The determination of the fair values of the assets and liabilities acquired will require the use of significant assumptions with regard to the current market rental rates, rental growth rates, discount and capitalization rates, interest rates and other variables. If management's estimates or assumptions prove inaccurate, the result would be an inaccurate allocation of purchase price, which could impact the amount of reported net income.

***Carrying Value of Properties***

Properties are carried at original cost, less accumulated depreciation and amortization. The Company tests long-lived assets for recoverability when events or changes in circumstances indicate that the carrying value may not be recoverable. For properties the Company will hold and operate, management determines whether impairment has occurred by comparing the property's probability-weighted future undiscounted cash flows to its current carrying value. For properties held for sale, management determines whether impairment has occurred by comparing the property's estimated fair value less cost to sell to its current carrying value. If the carrying value is greater than the net realizable value, an impairment loss is recorded to reduce the carrying value of the property to its net realizable value. Changes in these assumptions or analysis may cause material changes in the carrying value of the properties.

**ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS. (Continued)**

***Allocation of Expenses***

AEI Fund Management, Inc. allocates expenses to each of the funds they manage primarily on the basis of the number of hours devoted by their employees to each fund's affairs. They also allocate expenses at the end of each month that are not directly related to a fund's operations based upon the number of investors in the fund and the fund's capitalization relative to other funds they manage. The Company reimburses these expenses subject to detailed limitations contained in the Operating Agreement.

**Results of Operations**

For the years ended December 31, 2017 and 2016, the Company recognized rental income of \$944,311 and \$1,051,745, respectively. In 2017, rental income decreased due to leasing a property to a new tenant at a lower annual rent and rent that was not received from the tenant of the Sports Authority store, as discussed below. These decreases were partially offset by additional rent received from one property acquisition in 2016 and rent increases on two properties. Based on the scheduled rent for the properties as of February 28, 2018, the Company expects to recognize rental income of approximately \$961,000 in 2018.

For the years ended December 31, 2017 and 2016, the Company incurred LLC administration expenses from affiliated parties of \$144,461 and \$149,251, respectively. These administration expenses include costs associated with the management of the properties, processing distributions, reporting requirements and communicating with the Limited Members. During the same periods, the Company incurred LLC administration and property management expenses from unrelated parties of \$119,101 and \$102,892, respectively. These expenses represent direct payments to third parties for legal and filing fees, direct administrative costs, outside audit costs, taxes, insurance and other property costs.

For the year ended December 31, 2016, the Company incurred property acquisition expenses of \$55,479 related to the purchase of the Dollar Tree store in West Point, Mississippi.

The Company owns a 40% interest in the Sports Authority store in Wichita, Kansas. On March 2, 2016, the tenant, TSA Stores, Inc., and its parent company, The Sports Authority, Inc., the guarantor of the lease, filed for Chapter 11 bankruptcy reorganization. In June 2016, the tenant filed a motion with the bankruptcy court to reject the lease for this store effective June 30, 2016, at which time the tenant returned possession of the property to the owners. As of December 31, 2017, the tenant owed \$19,366 of past due rent, which was not accrued for financial reporting purposes. The owners listed the property for lease with a real estate broker in the Wichita area. While the property is vacant, the Company is responsible for its 40% share of real estate taxes and other costs associated with maintaining the property. The annual rent from this property represented approximately 19% of the total annual rent of the Company's property portfolio. The loss of rent and increased expenses related to this property decreased the Company's cash flow. Consequently, beginning with the third quarter of 2016, the Company reduced its regular quarterly cash distribution rate from \$0.1313 per Unit to \$0.0946 per Unit.

**ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS. (Continued)**

On September 21, 2017, the Company entered into a lease agreement with a primary term of 10 years with Biomat USA, Inc. ("Biomat") as a replacement tenant for 28% of the square footage of the property. The tenant will operate a Biomat USA Plasma Center in the space. The Company's 40% share of annual rent is \$37,071 and is expected to commence on June 18, 2018. Biomat has agreed to pay for the costs to divide the building into two separate spaces, the costs of tenant improvements to remodel the Biomat space and 28% of the cost to replace the roof. The Company will be responsible for paying its 40% share of the remaining cost to replace the roof, which is expected to be approximately \$113,000. At December 31, 2017, the Company accrued its 40% share of lease commissions due to real estate brokers totaling \$54,293 that were owed as part of the lease transaction. This amount was capitalized and will be amortized over the term of the lease. The Company is continuing to pursue additional tenants for the remaining space.

For the years ended December 31, 2017 and 2016, the Company recognized interest income of \$1,568 and \$2,247, respectively.

Management believes inflation has not significantly affected income from operations. Leases may contain rent increases, based on the increase in the Consumer Price Index over a specified period, which will result in an increase in rental income over the term of the leases. Inflation also may cause the real estate to appreciate in value. However, inflation and changing prices may have an adverse impact on the operating margins of the properties' tenants, which could impair their ability to pay rent and subsequently reduce the Net Cash Flow available for distributions.

**Liquidity and Capital Resources**

During the year ended December 31, 2017, the Company's cash balances decreased \$112,243 as a result of cash paid for a tenant improvement allowance, and distributions paid to the Members and cash used to repurchase Units in excess of cash generated from operating activities. During the year ended December 31, 2016, the Company's cash balances decreased \$1,727,592 as a result of cash used to purchase property and distributions paid to the Members and cash used to repurchase Units in excess of cash generated from operating activities.

Net cash provided by operating activities decreased from \$760,869 in 2016 to \$689,502 in 2017 as a result of a decrease in total rental and interest income in 2017, an increase in LLC administration and property management expenses in 2017 and net timing differences in the collection of payments from the tenants and the payment of expenses. During 2016, cash from operations was reduced by \$55,479 of acquisition expenses related to the purchase of real estate. Pursuant to accounting guidance, these expenses were reflected as operating cash outflows. However, pursuant to the Company's Operating Agreement, acquisition expenses were funded with proceeds from property sales.

**ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS. (Continued)**

The major components of the Company's cash flow from investing activities are investments in real estate and proceeds from the sale of real estate. During the years ended December 31, 2017 and 2016, the Company expended \$84,293 and \$1,535,714, respectively, to invest in real properties as the Company reinvested cash generated from property sales completed in 2015.

On February 3, 2016, the Company purchased a Dollar Tree store in West Point, Mississippi for \$1,535,714. The property is leased to Dollar Tree Stores, Inc. under a lease agreement with a remaining primary term of 9.7 years (as of the date of purchase) and annual rent of \$107,500.

On March 31, 2017, the lease term expired for the Starbucks store in Bluffton, Indiana. Effective April 1, 2017, the Company entered into a lease agreement with a primary term of six years with The Cellular Connection LLC, a cell phone retailer that was subleasing the property from Starbucks Corporation. The tenant is scheduled to pay annual rent of \$39,156 during the base lease term. As part of the lease transaction, the Company paid a tenant improvement allowance of \$30,000 that was capitalized and will be depreciated.

The Company's primary use of cash flow, other than investment in real estate, is distribution payments to Members and cash used to repurchase Units. The Company declares its regular quarterly distributions before the end of each quarter and pays the distribution in the first week after the end of each quarter. The Company attempts to maintain a stable distribution rate from quarter to quarter. The Company may repurchase tendered Units on April 1st and October 1st of each year subject to limitations.

For the years ended December 31, 2017 and 2016, the Company declared distributions of \$679,998 and \$809,870, respectively. Pursuant to the Operating Agreement, distributions of Net Cash Flow were allocated 97% to the Limited Members and 3% to the Managing Members. Distributions of Net Proceeds of Sale were allocated 99% to the Limited Members and 1% to the Managing Members. The Limited Members received distributions of \$660,002 and \$787,998 and the Managing Members received distributions of \$19,996 and \$21,872 for the years, respectively.

As part of the distributions discussed above, the Company distributed net sale proceeds (from property sales completed in 2015) of \$20,202 and \$121,212 in 2017 and 2016, respectively. The Limited Members received distributions of \$20,000 and \$120,000 and the Managing Members received distributions of \$202 and \$1,212 for the years, respectively. The Limited Members' distributions represented \$0.01 and \$0.07 per Unit for the years, respectively.

The Company may repurchase Units from Limited Members who have tendered their Units to the Company. Such Units may be acquired at a discount. The Company will not be obligated to purchase in any year more than 2% of the total number of Units outstanding on January 1 of such year. In no event shall the Company be obligated to purchase Units if, in the sole discretion of the Managing Member, such purchase would impair the capital or operation of the Company.

**ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS. (Continued)**

On April 1, 2017, the Company repurchased a total of 6,000.0 Units for \$36,332 from three Limited Members in accordance with the Operating Agreement. On April 1, 2016, the Company repurchased a total of 10,835.5 Units for \$75,397 from six Limited Members. The Company acquired these Units using Net Cash Flow from operations. In prior years, the Company repurchased a total of 77,894.5 Units for \$541,313 from 20 Limited Members. The repurchases increase the remaining Limited Members' ownership interest in the Company. As a result of these repurchases and pursuant to the Operating Agreement, the Managing Members received distributions of \$1,124 and \$2,332 in 2017 and 2016, respectively.

The continuing rent payments from the properties, together with cash generated from property sales, should be adequate to fund continuing distributions and meet other Company obligations on both a short-term and long-term basis.

**Off-Balance Sheet Arrangements**

As of December 31, 2017 and 2016, the Company had no material off-balance sheet arrangements that had or are reasonably likely to have current or future effects on its financial condition, results of operations, liquidity or capital resources.

**Opinion on the Financial Statements**

We have audited the accompanying balance sheets of AEI Income & Growth Fund 26 LLC (a Delaware limited liability company) as of December 31, 2017 and 2016, and the related statements of income, members' equity (deficit), and cash flows for each of the years in the two-year period ended December 31, 2017, and the related notes (collectively referred to as the financial statements). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2017 and 2016, and the results of its operations and its cash flows for each of the years in the two-year period ended December 31, 2017, in conformity with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

**AEI INCOME & GROWTH FUND 26 LLC**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2017 AND 2016**

**(1) Organization –**

AEI Income & Growth Fund 26 LLC ("Company"), a Limited Liability Company, was formed on March 14, 2005 to acquire and lease commercial properties to operating tenants. The Company's operations are managed by AEI Fund Management XXI, Inc. ("AFM"), the Managing Member. Robert P. Johnson, the President and sole director of AFM, serves as the Special Managing Member. AFM is a wholly owned subsidiary of AEI Capital Corporation of which Mr. Johnson is the majority shareholder. AEI Fund Management, Inc. ("AEI"), an affiliate of AFM, performs the administrative and operating functions for the Company.

The terms of the offering called for a subscription price of \$10 per LLC Unit, payable on acceptance of the offer. The Company commenced operations on April 3, 2006 when minimum subscriptions of 150,000 LLC Units (\$1,500,000) were accepted. The offering terminated October 19, 2007, when the extended offering period expired. The Company received subscriptions for 1,832,736 Units. Under the terms of the Operating Agreement, the Limited Members and Managing Members contributed funds of \$18,327,360 and \$1,000, respectively. The Company shall continue until December 31, 2055, unless dissolved, terminated and liquidated prior to that date.

During operations, any Net Cash Flow, as defined, which the Managing Members determine to distribute will be distributed 97% to the Limited Members and 3% to the Managing Members. Distributions to Limited Members will be made pro rata by Units.

Any Net Proceeds of Sale, as defined, from the sale or financing of properties which the Managing Members determine to distribute will, after provisions for debts and reserves, be paid in the following manner: (i) first, 99% to the Limited Members and 1% to the Managing Members until the Limited Members receive an amount equal to: (a) their Adjusted Capital Contribution plus (b) an amount equal to 6.5% of their Adjusted Capital Contribution per annum, cumulative but not compounded, to the extent not previously distributed from Net Cash Flow; (ii) any remaining balance will be distributed 90% to the Limited Members and 10% to the Managing Members. Distributions to the Limited Members will be made pro rata by Units.

For tax purposes, profits from operations, other than profits attributable to the sale, exchange, financing, refinancing or other disposition of property, will be allocated 97% to the Limited Members and 3% to the Managing Members. Net losses from operations will be allocated 99% to the Limited Members and 1% to the Managing Members.

For tax purposes, profits arising from the sale, financing, or other disposition of property will be allocated in accordance with the Operating Agreement as follows: (i) first, to those Members with deficit balances in their capital accounts in an amount equal to the sum of such deficit balances; (ii) second, 99% to the Limited Members and 1% to the Managing Members until the aggregate balance in the Limited Members' capital accounts equals the sum of the Limited Members' Adjusted Capital Contributions plus an amount equal to 6.5% of their Adjusted Capital Contributions per annum, cumulative but not compounded, to the extent not previously allocated; (iii) third, the balance of any remaining gain will then be allocated 90% to the Limited Members and 10% to the Managing Members. Losses will be allocated 99% to the Limited Members and 1% to the Managing Members.

**AEI INCOME & GROWTH FUND 26 LLC**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2017 AND 2016**

**(1) Organization – (Continued)**

The Managing Members are not required to currently fund a deficit capital balance. Upon liquidation of the Company or withdrawal by a Managing Member, the Managing Members will contribute to the Company an amount equal to the lesser of the deficit balances in their capital accounts or 1.01% of the total capital contributions of the Limited Members over the amount previously contributed by the Managing Members.

**(2) Summary of Significant Accounting Policies –**

**Financial Statement Presentation**

The accounts of the Company are maintained on the accrual basis of accounting for both federal income tax purposes and financial reporting purposes.

**Accounting Estimates**

Management uses estimates and assumptions in preparing these financial statements in accordance with United States Generally Accepted Accounting Principles (US GAAP). Those estimates and assumptions may affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates. Significant items, subject to such estimates and assumptions, include the carrying value of real estate held for investment, real estate held for sale and related intangible assets.

The Company regularly assesses whether market events and conditions indicate that it is reasonably possible to recover the carrying amounts of its investments in real estate from future operations and sales. A change in those market events and conditions could have a material effect on the carrying amount of its real estate.

**Cash Concentrations of Credit Risk**

The Company's cash is deposited in one financial institution and at times during the year it may exceed FDIC insurance limits.

**Receivables**

Credit terms are extended to tenants in the normal course of business. The Company performs ongoing credit evaluations of its customers' financial condition and, generally, requires no collateral.

**(2) Summary of Significant Accounting Policies – (Continued)**

Receivables are recorded at their estimated net realizable value. The Company follows a policy of providing an allowance for doubtful accounts; however, based on historical experience, and its evaluation of the current status of receivables, the Company is of the belief that such accounts, if any, will be collectible in all material respects and thus an allowance is not necessary. Accounts are considered past due if payment is not made on a timely basis in accordance with the Company's credit terms. Receivables considered uncollectible are written off.

**Income Taxes**

The income or loss of the Company for federal income tax reporting purposes is includable in the income tax returns of the Members. In general, no recognition has been given to income taxes in the accompanying financial statements.

The tax return and the amount of distributable Company income or loss are subject to examination by federal and state taxing authorities. If such an examination results in changes to distributable Company income or loss, the taxable income of the members would be adjusted accordingly. Primarily due to its tax status as a partnership, the Company has no significant tax uncertainties that require recognition or disclosure. The Company is no longer subject to U.S. federal income tax examinations for tax years before 2014, and with few exceptions, is no longer subject to state tax examinations for tax years before 2014.

**Revenue Recognition**

The Company's real estate is leased under net leases, classified as operating leases. The leases provide for base annual rental payments payable in monthly installments. The Company recognizes rental income according to the terms of the individual leases. For leases that contain stated rental increases, the increases are recognized in the year in which they are effective. Contingent rental payments are recognized when the contingencies on which the payments are based are satisfied and the rental payments become due under the terms of the leases.

**Real Estate**

Upon acquisition of real properties, the Company records them in the financial statements at cost. The purchase price is allocated to tangible assets, consisting of land and building, and to identified intangible assets and liabilities, which may include the value of above market and below market leases and the value of in-place leases. The allocation of the purchase price is based upon the fair value of each component of the property. Although independent appraisals may be used to assist in the determination of fair value, in many cases these values will be based upon management's assessment of each property, the selling prices of comparable properties and the discounted value of cash flows from the asset.

AEI INCOME & GROWTH FUND 26 LLC  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2017 AND 2016

**(2) Summary of Significant Accounting Policies – (Continued)**

The fair values of above market and below market in-place leases will be recorded based on the present value (using an interest rate which reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) an estimate of fair market lease rates for the corresponding in-place leases measured over a period equal to the non-cancelable term of the lease including any bargain renewal periods. The above market and below market lease values will be capitalized as intangible lease assets or liabilities. Above market lease values will be amortized as an adjustment of rental income over the remaining term of the respective leases. Below market lease values will be amortized as an adjustment of rental income over the remaining term of the respective leases, including any bargain renewal periods. If a lease were to be terminated prior to its stated expiration, all unamortized amounts of above market and below market in-place lease values relating to that lease would be recorded as an adjustment to rental income.

The fair values of in-place leases will include estimated direct costs associated with obtaining a new tenant, and opportunity costs associated with lost rentals which are avoided by acquiring an in-place lease. Direct costs associated with obtaining a new tenant may include commissions, tenant improvements, and other direct costs and are estimated, in part, by management's consideration of current market costs to execute a similar lease. These direct costs will be included in intangible lease assets on the balance sheet and will be amortized to expense over the remaining term of the respective leases. The value of opportunity costs will be calculated using the contractual amounts to be paid pursuant to the in-place leases over a market absorption period for a similar lease. These intangibles will be included in intangible lease assets on the balance sheet and will be amortized to expense over the remaining term of the respective leases. If a lease were to be terminated prior to its stated expiration, all unamortized amounts of in-place lease assets relating to that lease would be expensed.

The Company tests real estate for recoverability when events or changes in circumstances indicate that the carrying value may not be recoverable. For properties the Company will hold and operate, it compares the carrying amount of the property to the estimated probability-weighted future undiscounted cash flows expected to result from the property and its eventual disposition. If the sum of the expected future cash flows is less than the carrying amount of the property, the Company recognizes an impairment loss by the amount by which the carrying amount of the property exceeds the fair value of the property. For properties held for sale, the Company determines whether impairment has occurred by comparing the property's estimated fair value less cost to sell to its current carrying value. If the carrying value is greater than the net realizable value, an impairment loss is recorded to reduce the carrying value of the property to its net realizable value.

For financial reporting purposes, the buildings owned by the Company are depreciated using the straight-line method over an estimated useful life of 25 years. Intangible lease assets are amortized using the straight-line method for financial reporting purposes based on the remaining life of the lease.

**AEI INCOME & GROWTH FUND 26 LLC**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2017 AND 2016**

**(2) Summary of Significant Accounting Policies – (Continued)**

The disposition of a property or classification of a property as Real Estate Held for Sale by the Company does not represent a strategic shift that will have a major effect on the Company's operations and financial results. Therefore, the results from operating and selling the property are included in continuing operations.

The Company accounts for properties owned as tenants-in-common with affiliated entities and/or unrelated third parties using the proportionate consolidation method. Each tenant-in-common owns a separate, undivided interest in the properties. Any tenant-in-common that holds more than a 50% interest does not control decisions over the other tenant-in-common interests. The financial statements reflect only this Company's percentage share of the properties' land, building, liabilities, revenues and expenses.

The Company's properties are subject to environmental laws and regulations adopted by various governmental entities in the jurisdiction in which the properties are located. These laws could require the Company to investigate and remediate the effects of the release or disposal of hazardous materials at these locations if found. For each property, an environmental assessment is completed prior to acquisition. In addition, the lease agreements typically strictly prohibit the production, handling, or storage of hazardous materials (except where incidental to the tenant's business such as use of cleaning supplies) in violation of applicable law to restrict environmental and other damage. Environmental liabilities are recorded when it is determined the liability is probable and the costs can reasonably be estimated. There were no environmental issues noted or liabilities recorded at December 31, 2017 and 2016.

**Fair Value Measurements**

As of December 31, 2017 and 2016, the Company had no assets or liabilities measured at fair value on a recurring basis or nonrecurring basis.

**Income Per Unit**

Income per LLC Unit is calculated based on the weighted average number of LLC Units outstanding during each period presented. Diluted income per LLC Unit considers the effect of any potentially dilutive Unit equivalents, of which the Company had none for each of the years ended December 31, 2017 and 2016.

**Reportable Segments**

The Company invests in single tenant commercial properties throughout the United States that are net leased to tenants in various industries. Because these net leased properties have similar economic characteristics, the Company evaluates operating performance on an overall portfolio basis. Therefore, the Company's properties are classified as one reportable segment.

**(2) Summary of Significant Accounting Policies – (Continued)**

**Recently Issued Accounting Pronouncements**

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2014-09 regarding ASC Topic 606, Revenue from Contracts with Customers. The standard provides principles for recognizing revenue for the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The guidance is effective for the Company's fiscal year beginning January 1, 2018. We evaluated the accounting, transition, and disclosure requirements of the standard and the adoption of this standard will not have a material impact on the financial statements as the Company earns substantially all of its revenue from lease contracts that fall within the scope of AIC Topic 840, which are not within the scope of the new revenue standard. Additionally, we have historically disposed of properties for cash with no contingencies and no future investment in the properties. Therefore, the new revenue standard will not impact the recognition of gain or loss from property sales.

In February 2016, the FASB issued ASU 2016-02, which provides guidance for accounting for leases. The new guidance requires companies to recognize the assets and liabilities for the rights and obligations created by leased assets, initially measured at the present value of the lease payments. The accounting guidance for lessors is largely unchanged. The ASU is effective for annual and interim periods beginning after December 15, 2018 with early adoption permitted. It is to be adopted using a modified retrospective approach. Management is currently evaluating the impact the adoption of this guidance will have on the Company's financial statements.

In January 2017, the FASB issued ASU 2017-01, which clarifies the definition of a business by adding guidance to assist entities in evaluating whether transactions should be accounted for as acquisitions (or disposals) of assets or businesses. The guidance is effective for annual periods beginning after December 15, 2017, including interim periods within those periods, with early adoption permitted, and is required to be applied prospectively to any transactions occurring within the period of adoption. We are currently evaluating the accounting and disclosure requirements of the standard. We expect the new standard will result in the majority of our real estate acquisitions to be considered asset acquisitions, whereby external acquisition costs related to these asset acquisitions will be capitalized. Currently, the majority of our real estate acquisitions are considered acquisitions of businesses, whereby all acquisition-related costs are expensed as incurred. We do not expect the standard to have a significant impact on the allocation of purchase price to tangible and identifiable intangible assets and liabilities acquired based on their respective fair values.

These expenses included printing costs, legal and filing fees, direct administrative costs, outside audit costs, taxes, insurance and other property costs.	\$ <u>119,101</u>	\$ <u>102,892</u>
c. AEI is reimbursed for costs incurred in providing services and direct expenses related to the acquisition of properties on behalf of the Company.	\$ <u>0</u>	\$ <u>55,479</u>

The payable to AEI Fund Management, Inc. represents the balance due for the services described in 3a, b and c. This balance is non-interest bearing and unsecured and is to be paid in the normal course of business.

**(4) Real Estate Investments –**

The Company leases its properties to tenants under net leases, classified as operating leases. Under a net lease, the tenant is responsible for real estate taxes, insurance, maintenance, repairs and operating expenses for the property. For some leases, the Company is responsible for repairs to the structural components of the building, the roof and the parking lot. At the time the properties were acquired, the remaining primary lease terms varied from 10 to 20 years. The lease for the Best Buy store was extended to expire on January 19, 2023. The leases provide the tenants with three to four five-year renewal options subject to the same terms and conditions as the primary term.

For the years ended December 31, 2017 and 2016, the Company recognized depreciation expense of \$396,640 and \$390,890, respectively.

On February 3, 2016, the Company purchased a Dollar Tree store in West Point, Mississippi for \$1,535,714. The Company allocated \$232,977 of the purchase price to Acquired Intangible Lease Assets, representing in-place lease intangibles, and allocated \$283,495 to Acquired Below-Market Lease Intangibles. The Company incurred \$55,479 of acquisition expenses related to the purchase that were expensed. The property is leased to Dollar Tree Stores, Inc. under a lease agreement with a remaining primary term of 9.7 years (as of the date of purchase) and annual rent of \$107,500.

**(4) Real Estate Investments – (Continued)**

The following schedule presents the cost and related accumulated amortization of acquired lease intangibles not held for sale at December 31:

	2017		2016	
	Cost	Accumulated Amortization	Cost	Accumulated Amortization
In-Place Lease Intangibles (weighted average life of 97 and 107 months, respectively)	\$ 633,712	\$ 136,879	\$ 579,419	\$ 80,199
Above-Market Lease Intangibles (weighted average life of 82 and 94 months, respectively)	72,606	20,834	72,606	13,258
Acquired Intangible Lease Assets	<u>\$ 706,318</u>	<u>\$ 157,713</u>	<u>\$ 652,025</u>	<u>\$ 93,457</u>
Acquired Below-Market Lease Intangibles (weighted average life of 93 and 105 months, respectively)	<u>\$ 283,495</u>	<u>\$ 54,236</u>	<u>\$ 283,495</u>	<u>\$ 24,652</u>

For the years ended December 31, 2017 and 2016, the value of in-place lease intangibles amortized to expense was \$56,680 and \$52,627, the decrease to rental income for above-market leases was \$7,576 and \$7,576, and the increase to rental income for below-market leases was \$29,584 and \$24,652, respectively. For the year ended December 31, 2018, the estimated amortization expense is \$59,621. Beginning with the year ended December 31, 2019, the estimated amortization expense is \$62,108 for each of the next four years. For lease intangibles not held for sale as of December 31, 2017, the estimated decrease to rental income for above-market leases is \$7,576 and the estimated increase to rental income for below-market leases is \$29,584 for each of the next five succeeding years.

The Company owns a 40% interest in the Sports Authority store in Wichita, Kansas. On March 2, 2016, the tenant, TSA Stores, Inc., and its parent company, The Sports Authority, Inc., the guarantor of the lease, filed for Chapter 11 bankruptcy reorganization. In June 2016, the tenant filed a motion with the bankruptcy court to reject the lease for this store effective June 30, 2016, at which time the tenant returned possession of the property to the owners. As of December 31, 2017, the tenant owed \$19,366 of past due rent, which was not accrued for financial reporting purposes. The owners listed the property for lease with a real estate broker in the Wichita area. While the property is vacant, the Company is responsible for its 40% share of real estate taxes and other costs associated with maintaining the property. The annual rent from this property represented approximately 19% of the total annual rent of the Company's property portfolio. The loss of rent and increased expenses related to this property decreased the Company's cash flow. Consequently, beginning with the third quarter of 2016, the Company reduced its regular quarterly cash distribution rate from \$0.1313 per Unit to \$0.0946 per Unit.

On September 21, 2017, the Company entered into a lease agreement with a primary term of 10 years with Biomat USA, Inc. ("Biomat") as a replacement tenant for 28% of the square footage of the property. The tenant will operate a Biomat USA Plasma Center in the space. The Company's 40% share of annual rent is \$37,071 and is expected to commence on June 18, 2018. Biomat has agreed to pay for the costs to divide the building into two separate spaces, the costs of tenant improvements to remodel the Biomat space and 28% of the cost to replace the roof. The Company will be responsible for paying its 40% share of the remaining cost to replace the roof, which is expected to be approximately \$113,000. At December 31, 2017, the Company accrued its 40% share of lease commissions due to real estate brokers totaling \$54,293 that were owed as part of the lease transaction. This amount was capitalized and will be amortized over the term of the lease. The Company is continuing to pursue additional tenants for the remaining space.

On March 31, 2017, the lease term expired for the Starbucks store in Bluffton, Indiana. Effective April 1, 2017, the Company entered into a lease agreement with a primary term of six years with The Cellular Connection LLC, a cell phone retailer that was subleasing the property from Starbucks Corporation. The tenant is scheduled to pay annual rent of \$39,156 during the base lease term. As part of the lease transaction, the Company paid a tenant improvement allowance of \$30,000 that was capitalized and will be depreciated.

For properties owned as of December 31, 2017, the minimum future rent payments required by the leases are as follows:

2018	\$	939,273
2019		714,365
2020		660,206
2021		664,649
2022		673,024
Thereafter		1,632,675
	\$	<u>5,284,192</u>

There were no contingent rents recognized in 2017 and 2016.

**(6) Members' Capital –**

For the years ended December 31, 2017 and 2016, the Company declared distributions of \$679,998 and \$809,870, respectively. The Limited Members received distributions of \$660,002 and \$787,998 and the Managing Members received distributions of \$19,996 and \$21,872 for the years, respectively. The Limited Members' distributions represented \$0.38 and \$0.45 per LLC Unit outstanding using 1,739,506 and 1,746,715 weighted average Units in 2017 and 2016, respectively. The distributions represented \$0.11 and \$0.13 per Unit of Net Income and \$0.27 and \$0.32 per Unit of return of contributed capital in 2017 and 2016, respectively.

As part of the distributions discussed above, the Company distributed net sale proceeds (from property sales completed in 2015) of \$20,202 and \$121,212 in 2017 and 2016, respectively. The Limited Members received distributions of \$20,000 and \$120,000 and the Managing Members received distributions of \$202 and \$1,212 for the years, respectively. The Limited Members' distributions represented \$0.01 and \$0.07 per Unit for the years, respectively.

The Company may repurchase Units from Limited Members who have tendered their Units to the Company. Such Units may be acquired at a discount. The Company will not be obligated to purchase in any year more than 2% of the total number of Units outstanding on January 1 of such year. In no event shall the Company be obligated to purchase Units if, in the sole discretion of the Managing Member, such purchase would impair the capital or operation of the Company.

**ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE.**

None.

**ITEM 9A. CONTROLS AND PROCEDURES.**

(a) Disclosure Controls and Procedures.

Under the supervision and with the participation of management, including its President and Chief Financial Officer, the Managing Member of the Company evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934 (the "Exchange Act")). Based upon that evaluation, the President and Chief Financial Officer of the Managing Member concluded that, as of the end of the period covered by this report, our disclosure controls and procedures were effective in ensuring that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in applicable rules and forms and that such information is accumulated and communicated to management, including the President and Chief Financial Officer of the Managing Member, in a manner that allows timely decisions regarding required disclosure.

(b) Internal Control Over Financial Reporting.

(i) Management's Report on Internal Control Over Financial Reporting. The Managing Member, through its management, is responsible for establishing and maintaining adequate internal control over our financial reporting, as defined in Rule 13a-15(f) under the Exchange Act, and for performing an assessment of the effectiveness of our internal control over financial reporting as of December 31, 2017. Internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with US GAAP. Our system of internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with US GAAP, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management of the Managing Member; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Management of the Managing Member performed an assessment of the effectiveness of our internal control over financial reporting as of December 31, 2017 based upon criteria in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO"). Based on our assessment, management of the Managing Member determined that our internal control over financial reporting was effective as of December 31, 2017 based on the criteria in Internal Control-Integrated Framework (2013) issued by the COSO.

**ITEM 9A. CONTROLS AND PROCEDURES. (Continued)**

This annual report does not include an attestation report of our registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by our registered public accounting firm pursuant to rules of the Securities and Exchange Commission that permit us to provide only management's report in this annual report.

(ii) Changes in Internal Control Over Financial Reporting. During the most recent period covered by this report, there has been no change in our internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

**PART III**

**ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE.**

The registrant is a limited liability company and has no officers, directors, or direct employees. The Managing Members manage and control the Company's affairs and have general responsibility and the ultimate authority in all matters affecting the Company's business. The Managing Members are AEI Fund Management XXI, Inc. ("AFM"), the Managing Member, and Robert P. Johnson, Chief Executive Officer, President and sole director of AFM, the Special Managing Member. AFM is a wholly owned subsidiary of AEI Capital Corporation of which Mr. Johnson is the majority shareholder. AFM has only one senior financial executive, its Chief Financial Officer. The Chief Financial Officer reports directly to Mr. Johnson and is accountable for his actions to Mr. Johnson. Although Mr. Johnson and AFM require that all of their personnel, including the Chief Financial Officer, engage in honest and ethical conduct, ensure full, fair, accurate, timely, and understandable disclosure, comply with all applicable governmental laws, rules and regulations, and report to Mr. Johnson any deviation from these principles, because the organization is composed of only approximately 45 individuals, because the management of a company by an entity that has different interests in distributions and income than investors involves numerous conflicts of interest that must be resolved on a daily basis, and because the ultimate decision maker in all instances is Mr. Johnson, AFM has not adopted a formal code of conduct. Instead, the materials pursuant to which investors purchase Units disclose these conflicts of interest in detail and Mr. Johnson, as the CEO and sole director of AFM, resolves conflicts to the best of his ability, consistent with his fiduciary obligations to AFM and the fiduciary obligations of AFM to the Company. The director and officers of AFM are as follows:

**ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE.**

**(Continued)**

Robert P. Johnson, age 73, is Chief Executive Officer, President and sole director and has held these positions since the formation of AFM in August 1994, and has been elected to continue in these positions until December 2018. From 1970 to the present, he has been employed exclusively in the investment industry, specializing in limited partnership investments. In that capacity, he has been involved in the development, analysis, marketing and management of public and private investment programs investing in net lease properties as well as public and private investment programs investing in energy development. Since 1971, Mr. Johnson has been the president, a director and a registered principal of AEI Securities, Inc., which is registered with the SEC as a securities broker-dealer, is a member of the Financial Industry Regulatory Authority (FINRA) and is a member of the Security Investors Protection Corporation (SIPC). Mr. Johnson has been president, a director and the principal shareholder of AEI Fund Management, Inc., a real estate management company founded by him, since 1978. Mr. Johnson is currently a general partner or principal of the general partner in nine limited partnerships and a managing member in five LLCs.

Patrick W. Keene, age 58, is Chief Financial Officer, Treasurer and Secretary and has held these positions since January 22, 2003 and has been elected to continue in these positions until December 2018. Mr. Keene has been employed by AEI Fund Management, Inc. and affiliated entities since 1986. Prior to being elected to the positions above, he was Controller of the various entities. From 1982 to 1986, Mr. Keene was with KPMG Certified Public Accountants, first as an auditor and later as a tax manager. Mr. Keene is responsible for all accounting functions of AFM and the registrant.

Since Mr. Johnson serves as the Special Managing Member of the Company, as well as the sole director of AFM, all of the duties that might be assigned to an audit committee are assigned to Mr. Johnson. Mr. Johnson is not an audit committee financial expert, as defined. As an officer and majority owner, through a parent company, of AFM, and as the Special Managing Member, Mr. Johnson is not a "disinterested director" and may be subject to a number of conflicts of interests in his capacity as sole director of AFM.

Before the independent auditors are engaged, Mr. Johnson, as the sole director of AFM, approves all audit-related fees, and all permissible nonaudit fees, for services of our auditors.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Under federal securities laws, the directors and officers of the Managing Member of the Company, and any beneficial owner of more than 10% of a class of equity securities of the Company, are required to report their ownership of the Company's equity securities and any changes in such ownership to the Securities and Exchange Commission (the "Commission"). Specific due dates for these reports have been established by the Commission, and the Company is required to disclose in this Annual Report on 10-K any delinquent filing of such reports and any failure to file such reports during the fiscal year ended December 31, 2017. Based upon information provided by officers and directors of the Managing Member, all officers, directors and 10% owners filed all reports on a timely basis in the 2017 fiscal year.

**ITEM 11. EXECUTIVE COMPENSATION.**

The Managing Member and affiliates are reimbursed at cost for all services performed on behalf of the registrant and for all third party expenses paid on behalf of the registrant. The cost for services performed on behalf of the registrant is based on actual time spent performing such services plus an overhead burden. These services include organizing the registrant and arranging for the offer and sale of Units, reviewing properties for acquisition and rendering administrative, property management and property sales services. The amount and nature of such payments are detailed in Item 13 of this annual report on Form 10-K.

**ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS.**

The following table sets forth information pertaining to the ownership of the Units by each person known by the Company to beneficially own 5% or more of the Units, by each Managing Member, and by each officer or director of the Managing Member as of February 28, 2018:

<u>Name and Address of Beneficial Owner</u>	<u>Number of Units Held</u>	<u>Percent of Class</u>
AEI Fund Management XXI, Inc.	0	0.00%
Robert P. Johnson	0	0.00%
Patrick W. Keene	0	0.00%

Address for all:  
1300 Wells Fargo Place  
30 East 7th Street, St. Paul, Minnesota 55101

The Managing Members know of no holders of more than 5% of the outstanding Units.

**ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE.**

The registrant, AFM and its affiliates have common management and utilize the same facilities. As a result, certain administrative expenses are allocated among these related entities. All of such activities and any other transactions involving the affiliates of the Managing Member of the registrant are governed by, and are conducted in conformity with, the limitations set forth in the Operating Agreement of the registrant. Reference is made to Note 3 of the Financial Statements, as presented, and is incorporated herein by reference, for details of related party transactions for the years ended December 31, 2017 and 2016.

Neither the registrant, nor the Managing Member of the registrant, has a board of directors consisting of any members who are "independent." The sole director of the Managing Member, Robert P. Johnson, is also the Special Managing Member of the registrant, and is the Chief Executive Officer, and indirectly the principal owner, of the Managing Member. Accordingly, there is no disinterested board, or other functioning body, that reviews related party transactions, or the transactions between the registrant and the Managing Members, except as performed in connection with the audit of its financial statements.

**ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND  
DIRECTOR INDEPENDENCE. (Continued)**

The limitations included in the Operating Agreement require that the cumulative reimbursements to the Managing Members and their affiliates for certain expenses will not exceed an amount equal to the sum of (i) 20% of capital contributions, (ii) 1% of gross revenues, plus an initial leasing fee of 3% of gross revenues for the first five years of the original term of each lease, (iii) 3% of Net Proceeds of Sale, and (iv) 10% of Net Cash Flow less the Net Cash Flow actually distributed to the Managing Members. The cumulative reimbursements subject to this limitation are reimbursements for (i) organization and offering expenses, including commissions and an Organization Fee, (ii) acquisition expenses paid with proceeds from the initial offering of Units, (iii) services provided in the sales effort of properties, and (iv) expenses of controlling persons and overhead expenses directly attributable to the forgoing services or attributable to administrative services. As of December 31, 2017, these cumulative reimbursements to the Managing Members and their affiliates did not exceed the limitation amount.

The following table sets forth the forms of compensation, distributions and cost reimbursements paid by the registrant to the Managing Members or their Affiliates in connection with the operation of the Fund for the period from inception through December 31, 2017.

<u>Person or Entity Receiving Compensation</u>	<u>Form and Method of Compensation</u>	<u>Amount Incurred From Inception (March 14, 2005) To December 31, 2017</u>
