AEI INCOME & GROWTH FUND XXII LIMITED PARTNERSHIP
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019
(unaudited)

(1) The condensed statements included herein have been prepared by the registrant, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission, and reflect all adjustments which are, in the opinion of management, necessary to a fair statement of the results of operations for the interim period, on a basis consistent with the annual audited statements. The adjustments made to these condensed statements consist only of normal recurring adjustments. Certain information, accounting policies, and footnote disclosures normally included in financial statements prepared in accordance with United States Generally Accepted Accounting Principles (US GAAP) have been condensed or omitted pursuant to such rules and regulations, although the registrant believes that the disclosures are adequate to make the information presented not misleading. It is suggested that these condensed financial statements be read in conjunction with the financial statements and the summary of significant accounting policies and notes thereto included in the registrant's latest annual report on Form 10-K.

(2) Organization –

AEI Income & Growth Fund XXII Limited Partnership ("Partnership") was formed to acquire and lease commercial properties to operating tenants. The Partnership's operations are managed by AEI Fund Management XXI, Inc. ("AFM"), the Managing General Partner. Robert P. Johnson, the President and sole director of AFM, serves as the Individual General Partner. AFM is a wholly owned subsidiary of AEI Capital Corporation of which Mr. Johnson is the majority shareholder. AEI Fund Management, Inc. ("AEI"), an affiliate of AFM, performs the administrative and operating functions for the Partnership.

The terms of the Partnership offering called for a subscription price of \$1,000 per Limited Partnership Unit, payable on acceptance of the offer. The Partnership commenced operations on May 1, 1997 when minimum subscriptions of 1,500 Limited Partnership Units (\$1,500,000) were accepted. The offering terminated January 9, 1999 when the extended offering period ended. The Partnership received subscriptions for 16,917.222 Limited Partnership Units. Under the terms of the Limited Partnership Agreement, the Limited Partners and General Partners contributed funds of \$16,917,222 and \$1,000, respectively.

During operations, any Net Cash Flow, as defined, which the General Partners determine to distribute will be distributed 97% to the Limited Partners and 3% to the General Partners. Distributions to Limited Partners will be made pro rata by Units.

Any Net Proceeds of Sale, as defined, from the sale or financing of properties which the General Partners determine to distribute will, after provisions for debts and reserves, be paid in the following manner: (i) first, 99% to the Limited Partners and 1% to the General Partners until the Limited Partners receive an amount equal to: (a) their Adjusted Capital Contribution plus (b) an amount equal to 9% of their Adjusted Capital Contribution per annum, cumulative but not compounded, to the extent not previously distributed from Net Cash Flow; (ii) any remaining balance will be distributed 90% to the Limited Partners and 10% to the General Partners. Distributions to the Limited Partners will be made pro rata by Units.

(2) Organization – (Continued)

For tax purposes, profits from operations, other than profits attributable to the sale, exchange, financing, refinancing or other disposition of property, will be allocated first in the same ratio in which, and to the extent, Net Cash Flow is distributed to the Partners for such year. Any additional profits will be allocated in the same ratio as the last dollar of Net Cash Flow is distributed. Net losses from operations will be allocated 99% to the Limited Partners and 1% to the General Partners.

For tax purposes, profits arising from the sale, financing, or other disposition of property will be allocated in accordance with the Partnership Agreement as follows: (i) first, to those partners with deficit balances in their capital accounts in an amount equal to the sum of such deficit balances; (ii) second, 99% to the Limited Partners and 1% to the General Partners until the aggregate balance in the Limited Partners' capital accounts equals the sum of the Limited Partners' Adjusted Capital Contributions plus an amount equal to 9% of their Adjusted Capital Contributions per annum, cumulative but not compounded, to the extent not previously allocated; (iii) third, the balance of any remaining gain will then be allocated 90% to the Limited Partners and 10% to the General Partners. Losses will be allocated 98% to the Limited Partners and 2% to the General Partners.

The General Partners are not required to currently fund a deficit capital balance. Upon liquidation of the Partnership or withdrawal by a General Partner, the General Partners will contribute to the Partnership an amount equal to the lesser of the deficit balances in their capital accounts or 1% of total Limited Partners' and General Partners' capital contributions.

In May 2015, the Managing General Partner mailed a Consent Statement (Proxy) seeking the consent of the Limited Partners to continue the Partnership for an additional 60 months or to initiate the final disposition, liquidation and distribution of all of the Partnership's properties and assets. Approval of either proposal required the affirmative vote of holders of a majority of the outstanding units. On June 17, 2015, the votes were counted and neither proposal received the required majority vote. As a result, the Partnership will not liquidate and will continue in operation until the Limited Partners vote to authorize the sale of all of the Partnership's properties or December 31, 2046, as stated in the Limited Partnership Agreement. However, in approximately five years, the Managing General Partner expects to again submit the question to liquidate to a vote by the Limited Partners.

(3) Recently Adopted Accounting Pronouncements –

In August 2018, the SEC adopted the final rule under SEC Release No. 33-10532, Disclosure Update and Simplification, amending certain disclosure requirements that were redundant, duplicative, overlapping, outdated or superseded. In addition, the amendments expanded the disclosure requirements for the analysis of partners' capital for interim financial statements. Under the amendments, an analysis of changes in each caption of partners' capital presented in the balance sheet must be provided in a note or separate statement. The analysis should present a reconciliation of the beginning balance to the ending balance of each period for which a statement of income is required to be filed. The Partnership's first presentation of year-to-date quarterly changes in partners' capital was included in its Form 10-Q for the quarter ended March 31, 2019.

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-02, which provides guidance for accounting for leases. The new guidance requires companies to recognize the assets and liabilities for the rights and obligations created by leased assets, initially measured at the present value of the lease payments. The accounting guidance for lessors is largely unchanged. The ASU is effective for annual and interim periods beginning after December 15, 2018. It is to be adopted using a modified retrospective approach. The Partnership has adopted the accounting pronouncement effective January 1, 2019 and the adoption of the standard did not have a material impact on the Partnership's financial statements.

(4) Real Estate Investments –

In February 2018, the Partnership entered into an agreement with the tenant of the Advance Auto Parts store in Indianapolis, Indiana to extend the lease term five years to end on April 30, 2025. As part of the agreement, the annual rent decreased from \$95,885 to \$81,861 effective January 1, 2018. In addition, beginning on March 1, 2018, the tenant received free rent for four months that equaled \$27,287.

In July 2018, the Partnership entered into an agreement with the tenant of the Best Buy store in Lake Geneva, Wisconsin to extend the lease term five years to end on March 31, 2024. As part of the agreement, the annual rent decreased from \$149,302 to \$129,395 effective February 1, 2019. In addition, beginning on February 1, 2019, the tenant received free rent for one month that equaled \$10,783.

In December 2018, the Partnership decided to sell the Applebee's restaurant in Crawfordsville, Indiana. In January 2019, the Partnership entered into an agreement to sell the property to an unrelated third party. On April 8, 2019, the sale closed with the Partnership receiving net proceeds of \$1,863,691, which resulted in a net gain of \$655,332. At the time of sale, the cost and related accumulated depreciation was \$1,856,656 and \$648,297, respectively. At December 31, 2018, the property was classified as Real Estate Held for Sale with a carrying value of \$1,208,359.

(4) Real Estate Investments – (Continued)

In June 2019, the Partnership entered into an agreement with the tenant of the Tractor Supply Company store in Grand Forks, North Dakota to extend the lease term ten years to end on November 30, 2030. The annual rent remained the same with a 4.0% increase scheduled to occur after five years. As part of the agreement, the Partnership paid a tenant improvement allowance of \$30,000 that was capitalized.

In June 2019, the Partnership reached an agreement to sell its 50% interest in the Tractor Supply Company store to an unrelated third party. On August 1, 2019, the sale closed with the Partnership receiving net proceeds of \$1,738,739, which resulted in a net gain of \$885,582. At the time of sale, the cost and related accumulated depreciation was \$1,433,874 and \$580,717, respectively.

(5) Payable to AEI Fund Management, Inc. –

AEI Fund Management, Inc. performs the administrative and operating functions for the Partnership. The payable to AEI Fund Management represents the balance due for those services. This balance is non-interest bearing and unsecured and is to be paid in the normal course of business.

(6) Partners' Capital –

For the nine months ended September 30, 2019 and 2018, the Partnership declared distributions of \$422,983 and \$427,427, respectively. The Limited Partners received distributions of \$411,102 and \$414,604 and the General Partners received distributions of \$11,881 and \$12,823 for the periods, respectively. The Limited Partners' distributions represented \$31.31 and \$30.60 per Limited Partnership Unit outstanding using 13,131 and 13,549 weighted average Units in 2019 and 2018, respectively. The distributions represented \$31.31 and \$5.97 per Unit of Net Income and \$0.00 and \$24.63 per Unit of return of capital in 2019 and 2018, respectively.

As part of the distributions discussed above, the Partnership distributed net sale proceeds of \$40,404 in 2019. The Limited Partners received distributions of \$40,000 and the General Partners received distributions of \$404. The Limited Partners' distributions represented \$3.09 per Unit.

On April 1, 2019, the Partnership repurchased a total of 497.89 Units for \$371,924 from 16 Limited Partners in accordance with the Partnership Agreement. The Partnership acquired these Units using net sales proceeds. On April 1, 2018, the Partnership repurchased a total of 138.53 Units for \$107,974 from nine Limited Partners. The Partnership acquired these Units using Net Cash Flow from operations. The repurchases increase the remaining Limited Partners' ownership interest in the Partnership. As a result of these repurchases and pursuant to the Partnership Agreement, the General Partners received distributions of \$3,757 and \$3,339 in 2019 and 2018, respectively.

AEI INCOME & GROWTH FUND XXII LIMITED PARTNERSHIP
NOTES TO FINANCIAL STATEMENTS

(7) Fair Value Measurements –

As of September 30, 2019 and December 31, 2018, the Partnership had no assets or liabilities measured at fair value on a recurring basis or nonrecurring basis.

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL
CONDITION AND RESULTS OF OPERATIONS.**

This section contains "forward-looking statements" which represent management's expectations or beliefs concerning future events, including statements regarding anticipated application of cash, expected returns from rental income, growth in revenue, the sufficiency of cash to meet operating expenses, rates of distribution, and other matters. These, and other forward-looking statements, should be evaluated in the context of a number of factors that may affect the Partnership's financial condition and results of operations, including the following:

- Market and economic conditions which affect the value of the properties the Partnership owns and the cash from rental income such properties generate;
- the federal income tax consequences of rental income, deductions, gain on sales and other items and the effects of these consequences for the Partners;
- resolution by the General Partners of conflicts with which they may be confronted;
- the success of the General Partners of locating properties with favorable risk return characteristics;
- the effect of tenant defaults; and
- the condition of the industries in which the tenants of properties owned by the Partnership operate.

Application of Critical Accounting Policies

The Partnership's financial statements have been prepared in accordance with US GAAP. Preparing the financial statements requires management to use judgment in the application of these accounting policies, including making estimates and assumptions. These judgments will affect the reported amounts of the Partnership's assets and liabilities and the disclosure of contingent assets and liabilities as of the dates of the financial statements and will affect the reported amounts of revenue and expenses during the reporting periods. It is possible that the carrying amount of the Partnership's assets and liabilities, or the results of reported operations, will be affected if management's estimates or assumptions prove inaccurate.

Management of the Partnership evaluates the following accounting estimates on an ongoing basis, and has discussed the development and selection of these estimates and the management discussion and analysis disclosures regarding them with the managing partner of the Partnership.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS. (Continued)

Allocation of Purchase Price of Acquired Properties

Upon acquisition of real properties, the Partnership records them in the financial statements at cost. The purchase price is allocated to tangible assets, consisting of land and building, and to identified intangible assets and liabilities, which may include the value of above market and below market leases and the value of in-place leases. The allocation of the purchase price is based upon the fair value of each component of the property. Although independent appraisals may be used to assist in the determination of fair value, in many cases these values will be based upon management's assessment of each property, the selling prices of comparable properties and the discounted value of cash flows from the asset.

The fair values of above market and below market in-place leases will be recorded based on the present value (using an interest rate which reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) an estimate of fair market lease rates for the corresponding in-place leases measured over a period equal to the non-cancelable term of the lease including any bargain renewal periods. The above market and below market lease values will be capitalized as intangible lease assets or liabilities. Above market lease values will be amortized as an adjustment of rental income over the remaining term of the respective leases. Below market lease values will be amortized as an adjustment of rental income over the remaining term of the respective leases, including any bargain renewal periods. If a lease were to be terminated prior to its stated expiration, all unamortized amounts of above market and below market in-place lease values relating to that lease would be recorded as an adjustment to rental income.

The fair values of in-place leases will include estimated direct costs associated with obtaining a new tenant, and opportunity costs associated with lost rentals which are avoided by acquiring an in-place lease. Direct costs associated with obtaining a new tenant may include commissions, tenant improvements, and other direct costs and are estimated, in part, by management's consideration of current market costs to execute a similar lease. These direct costs will be included in intangible lease assets on the balance sheet and will be amortized to expense over the remaining term of the respective leases. The value of opportunity costs will be calculated using the contractual amounts to be paid pursuant to the in-place leases over a market absorption period for a similar lease. These intangibles will be included in intangible lease assets on the balance sheet and will be amortized to expense over the remaining term of the respective leases. If a lease were to be terminated prior to its stated expiration, all unamortized amounts of in-place lease assets relating to that lease would be expensed.

The determination of the fair values of the assets and liabilities acquired will require the use of significant assumptions with regard to the current market rental rates, rental growth rates, discount and capitalization rates, interest rates and other variables. If management's estimates or assumptions prove inaccurate, the result would be an inaccurate allocation of purchase price, which could impact the amount of reported net income.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS. (Continued)

Carrying Value of Properties

Properties are carried at original cost, less accumulated depreciation and amortization. The Partnership tests long-lived assets for recoverability when events or changes in circumstances indicate that the carrying value may not be recoverable. For properties the Partnership will hold and operate, management determines whether impairment has occurred by comparing the property's probability-weighted future undiscounted cash flows to its current carrying value. For properties held for sale, management determines whether impairment has occurred by comparing the property's estimated fair value less cost to sell to its current carrying value. If the carrying value is greater than the net realizable value, an impairment loss is recorded to reduce the carrying value of the property to its net realizable value. Changes in these assumptions or analysis may cause material changes in the carrying value of the properties.

Allocation of Expenses

AEI Fund Management, Inc. allocates expenses to each of the funds they manage primarily on the basis of the number of hours devoted by their employees to each fund's affairs. They also allocate expenses at the end of each month that are not directly related to a fund's operations based upon the number of investors in the fund and the fund's capitalization relative to other funds they manage. The Partnership reimburses these expenses subject to detailed limitations contained in the Partnership Agreement.

Results of Operations

For the nine months ended September 30, 2019 and 2018, the Partnership recognized rental income of \$444,519 and \$531,470, respectively. In 2019, rental income decreased due to the sale of two properties and a rent decrease related to the Best Buy store, as discussed below. These decreases were partially offset by a rent increase on one property. In addition, in 2018, rental income was lower due to the tenant of the Advance Auto Parts store receiving free rent, as discussed below. Based on the scheduled rent for the properties owned as of October 31, 2019, the Partnership expects to recognize rental income of approximately \$560,000 and \$410,000 in 2019 and 2020, respectively.

For the nine months ended September 30, 2019 and 2018, the Partnership incurred Partnership administration expenses from affiliated parties of \$80,748 and \$80,287, respectively. These administration expenses include costs associated with the management of the properties, processing distributions, reporting requirements and communicating with the Limited Partners. During the same periods, the Partnership incurred Partnership administration and property management expenses from unrelated parties of \$37,691 and \$28,435, respectively. These expenses represent direct payments to third parties for legal and filing fees, direct administrative costs, outside audit costs, taxes, insurance and other property costs.

For the nine months ended September 30, 2019 and 2018, the Partnership recognized interest income of \$23,198 and \$3,875, respectively. In 2019, interest income increased due to the Partnership having more money invested in a money market account due to property sales and higher money market interest rates in 2019.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS. (Continued)

In February 2018, the Partnership entered into an agreement with the tenant of the Advance Auto Parts store in Indianapolis, Indiana to extend the lease term five years to end on April 30, 2025. As part of the agreement, the annual rent decreased from \$95,885 to \$81,861 effective January 1, 2018. In addition, beginning on March 1, 2018, the tenant received free rent for four months that equaled \$27,287.

In July 2018, the Partnership entered into an agreement with the tenant of the Best Buy store in Lake Geneva, Wisconsin to extend the lease term five years to end on March 31, 2024. As part of the agreement, the annual rent decreased from \$149,302 to \$129,395 effective February 1, 2019. In addition, beginning on February 1, 2019, the tenant received free rent for one month that equaled \$10,783.

Management believes inflation has not significantly affected income from operations. Leases may contain rent increases, based on the increase in the Consumer Price Index over a specified period, which will result in an increase in rental income over the term of the leases. Inflation also may cause the real estate to appreciate in value. However, inflation and changing prices may have an adverse impact on the operating margins of the properties' tenants, which could impair their ability to pay rent and subsequently reduce the Net Cash Flow available for distributions.

Liquidity and Capital Resources

During the nine months ended September 30, 2019, the Partnership's cash balances increased \$3,126,425 as a result of cash generated from the sale of property, which was partially offset by distributions paid to the Partners and cash used to repurchase units in excess of cash generated from operating activities. During the nine months ended September 30, 2018, the Partnership's cash balances decreased \$78,131 as a result of distributions paid to the Partners and cash used to repurchase Units in excess of cash generated from operating activities.

Net cash provided by operating activities decreased from \$460,609 in 2018 to \$357,099 in 2019 as a result of a decrease in total rental and interest income in 2019, an increase in Partnership administration and property management expenses in 2019 and net timing differences in the collection of payments from the tenants and the payment of expenses.

The major components of the Partnership's cash flow from investing activities are investments in real estate and proceeds from the sale of real estate. During the nine months ended September 30, 2019, the Partnership generated cash flow from the sale of real estate of \$3,602,430. During the same period, the Partnership expended \$30,000 to invest in real properties.

In December 2018, the Partnership decided to sell the Applebee's restaurant in Crawfordsville, Indiana. In January 2019, the Partnership entered into an agreement to sell the property to an unrelated third party. On April 8, 2019, the sale closed with the Partnership receiving net proceeds of \$1,863,691, which resulted in a net gain of \$655,332. At the time of sale, the cost and related accumulated depreciation was \$1,856,656 and \$648,297, respectively. At December 31, 2018, the property was classified as Real Estate Held for Sale with a carrying value of \$1,208,359.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS. (Continued)

In June 2019, the Partnership entered into an agreement with the tenant of the Tractor Supply Company store in Grand Forks, North Dakota to extend the lease term ten years to end on November 30, 2030. The annual rent remained the same with a 4.0% increase scheduled to occur after five years. As part of the agreement, the Partnership paid a tenant improvement allowance of \$30,000 that was capitalized.

In June 2019, the Partnership reached an agreement to sell its 50% interest in the Tractor Supply Company store to an unrelated third party. On August 1, 2019, the sale closed with the Partnership receiving net proceeds of \$1,738,739, which resulted in a net gain of \$885,582. At the time of sale, the cost and related accumulated depreciation was \$1,433,874 and \$580,717, respectively.

The Partnership's primary use of cash flow, other than investment in real estate, is distribution payments to Partners and cash used to repurchase Units. The Partnership declares its regular quarterly distributions before the end of each quarter and pays the distribution in the first week after the end of each quarter. The Partnership attempts to maintain a stable distribution rate from quarter to quarter. The Partnership may repurchase tendered Units on April 1st and October 1st of each year subject to limitations.

For the nine months ended September 30, 2019 and 2018, the Partnership declared distributions of \$422,983 and \$427,427, respectively. Pursuant to the Partnership Agreement, distributions of Net Cash Flow were allocated 97% to the Limited Partners and 3% to the General Partners. Distributions of Net Proceeds of Sale were allocated 99% to the Limited Partners and 1% to the General Partners. The Limited Partners received distributions of \$411,102 and \$414,604 and the General Partners received distributions of \$11,881 and \$12,823 for the periods, respectively.

As part of the distributions discussed above, the Partnership distributed net sale proceeds of \$40,404 in 2019. The Limited Partners received distributions of \$40,000 and the General Partners received distributions of \$404. The Limited Partners' distributions represented \$3.09 per Unit.

The Partnership may repurchase Units from Limited Partners who have tendered their Units to the Partnership. Such Units may be acquired at a discount. The Partnership will not be obligated to purchase in any year any number of Units that, when aggregated with all other transfers of Units that have occurred since the beginning of the same calendar year (excluding Permitted Transfers as defined in the Partnership Agreement), would exceed 5% of the total number of Units outstanding on January 1 of such year. In no event shall the Partnership be obligated to purchase Units if, in the sole discretion of the Managing General Partner, such purchase would impair the capital or operation of the Partnership.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS. (Continued)

On April 1, 2019, the Partnership repurchased a total of 497.89 Units for \$371,924 from 16 Limited Partners in accordance with the Partnership Agreement. The Partnership acquired these Units using net sales proceeds. On April 1, 2018, the Partnership repurchased a total of 138.53 Units for \$107,974 from nine Limited Partners. The Partnership acquired these Units using Net Cash Flow from operations. The repurchases increase the remaining Limited Partners' ownership interest in the Partnership. As a result of these repurchases and pursuant to the Partnership Agreement, the General Partners received distributions of \$3,757 and \$3,339 in 2019 and 2018, respectively.

The continuing rent payments from the properties, together with cash generated from property sales, should be adequate to fund continuing distributions and meet other Partnership obligations on both a short-term and long-term basis.

Off-Balance Sheet Arrangements

As of September 30, 2019 and December 31, 2018, the Partnership had no material off-balance sheet arrangements that had or are reasonably likely to have current or future effects on its financial condition, results of operations, liquidity or capital resources.

ITEM 3. QUANTITATIVE & QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

Not required for a smaller reporting company.

ITEM 4. CONTROLS AND PROCEDURES.**(a) Disclosure Controls and Procedures.**

Under the supervision and with the participation of management, including its President and Chief Financial Officer, the Managing General Partner of the Partnership evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934 (the "Exchange Act")). Based upon that evaluation, the President and Chief Financial Officer of the Managing General Partner concluded that, as of the end of the period covered by this report, our disclosure controls and procedures were effective in ensuring that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in applicable rules and forms and that such information is accumulated and communicated to management, including the President and Chief Financial Officer of the Managing General Partner, in a manner that allows timely decisions regarding required disclosure.

(b) Changes in Internal Control Over Financial Reporting.

During the most recent period covered by this report, there has been no change in our internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

There are no material pending legal proceedings to which the Partnership is a party or of which the Partnership's property is subject.

ITEM 1A. RISK FACTORS.

Not required for a smaller reporting company.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES & USE OF PROCEEDS.

(a) None.

(b) Not applicable.

(c) Pursuant to Section 7.7 of the Partnership Agreement, each Limited Partner has the right to present Units to the Partnership for purchase by submitting notice to the Managing General Partner during January or July of each year. The purchase price of the Units is equal to 90% of the net asset value per Unit, as of the first business day of January or July of each year, as determined by the Managing General Partner in accordance with the provisions of the Partnership Agreement. Units tendered to the Partnership during January and July may be repurchased on April 1st and October 1st, respectively, of each year subject to the following limitations. The Partnership will not be obligated to purchase in any year any number of Units that, when aggregated with all other transfers of Units that have occurred since the beginning of the same calendar year (excluding Permitted Transfers as defined in the Partnership Agreement), would exceed 5% of the total number of Units outstanding on January 1 of such year. In no event shall the Partnership be obligated to purchase Units if, in the sole discretion of the Managing General Partner, such purchase would impair the capital or operation of the Partnership. During the period covered by this report, the Partnership did not purchase any Units.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES.

None.

ITEM 4. MINE SAFETY DISCLOSURES.

Not Applicable.

ITEM 5. OTHER INFORMATION.

None.

ITEM 6. EXHIBITS.

- 31.1 Certification of Chief Executive Officer of General Partner pursuant to Rule 15d-14(a)(17 CFR 240.15d-14(a)) and Section 302 of the Sarbanes-Oxley Act of 2002.
